

A silhouette of a man in a suit and hat stands in a room, looking out a large window with curtains. The scene is dimly lit, with the window providing the primary light source. The man is positioned centrally, facing away from the viewer towards the window. The curtains are dark and hang on either side of the window. The overall mood is mysterious and contemplative.

Corridors Of Power:

Corridor Kate Marshall, 2013-06-01 *Corridor* offers a series of conceptually provocative readings that illuminate a hidden and surprising relationship between architectural space and modern American fiction. By paying close attention to fictional descriptions of some of modernity's least remarkable structures, Kate Marshall discovers a rich network of connections between corridors and novels, one that also sheds new light on the nature of modern media.

Civil-Military Relations in Latin America David Pion-Berlin, 2003-01-14 The armed forces may no longer rule nations throughout Latin America, but they continue to influence democratic governments across the region. In nine original, thought-provoking essays, this book offers fresh theoretical insights into the dilemmas facing Latin American politicians as they struggle to gain full control over their military institutions. Latin America has changed in profound ways since the end of the Cold War: the re-emergence of democracy and the ascendancy of free market economies and trade blocs. The contributors to this volume recognize the necessity of finding intellectual approaches that speak to these transformations. They utilize a wide range of contemporary models to analyze recent political and economic reform in nations throughout Latin America, presenting case studies on Argentina, Brazil, Chile, Ecuador, El Salvador, Honduras, and Venezuela. Bridging the gap between Latin American studies and political science, these essays not only explore the forces that shape civil-military relations in Latin America but also address larger questions of political development and democratization in the region. The contributors are Felipe Agüero, J. Samuel Fitch, Wendy Hunter, Ernesto Lora, Brian Loveman, David R. Mares, Deborah L. Norden, David Pion-Berlin, and Harold A. Trinkunas.

C.P. Snow N. Tredell, 2012-09-24 Novelist and cultural commentator C. P. Snow was a large and controversial presence in his lifetime, but his work has been largely neglected since his death in 1980. This is the first 21st-century book to offer a clear, informed, and sympathetic survey of all his novels and major non-fiction books and to affirm their importance for the world today.

Indira Gandhi and the Years That Transformed India Srinath Raghavan, 2025-05-27 The gripping story of Indira Gandhi's premiership and the profound influence she had on India. Indira Gandhi's ascent as prime minister of India in 1966 was entirely unforeseen. But she soon emerged as one of the most powerful political leaders of her times, who transformed the world's largest democracy. She served as prime minister for a remarkable fifteen years, leaving behind a complex and deeply controversial legacy. In this fascinating account, Srinath Raghavan tells the story of Indira Gandhi's political career and the momentous changes that India experienced under her leadership. From her tentative start in high office to her remarkable electoral victories, the dark days of the Emergency of 1975-77, and her assassination at the hands of her bodyguards in 1984, Raghavan sheds new light on her politics and government, as well as on her adversaries and critics. He shows how the 1970s were the hinge on which the history of the country turned, and how Indira Gandhi transformed the new postcolonial nation into the India of today.
