Nfl Schedule Today Store Hours:

The Business of Sports Scott Rosner, Kenneth Shropshire, 2011-01-07 The Business of Sports Second Edition is a comprehensive collection of readings that focus on the multibillion dollar sports industry and the dilemmas faced by today's sports business leaders. It covers professional Olympic and collegiate sports and highlights the major issues that impact each of these broad areas. The Second Edition provides insight from a variety of stakeholders in the industry and covers the major business disciplines of management, marketing, finance, information technology, accounting, ethics, and law. Each chapter features concise introductions, a broad range of focused readings, and targeted discussion questions and graphs and tables to convey relevant financial data and other statistics.

Convenience Store News, 1998-07 [Chain Store Age for Chain Supermarket-grocery Stores. Grocery Managers Edition](#), 1967-05 **Sports Highlights** Ray Gamache, 2023-09-07 This expanded second edition traces the development and popularity of the sportscast, highlight the dominant news frame in the crowded medium of electronic sports journalism as the primary means of communicating about sports and athletes. The book explores the intricate relationships among media producers, sports leagues and organizations, and audiences and explains that sportscast highlights are not a recent development. They were often used within a news context in every medium from early news film actualities and newsreels to network and cable television to today's new media platforms. New to this edition are three chapters that explore developments in sports media from cultural, economic, and technological perspectives. An obsession with highlights has seen video replay increasingly used to adjudicate sporting events, marking a new level of reliance on technology. The media's quest for greater certitude and integrity corresponds with the rise of sponsorship of pro teams by gambling operators with sports betting ads and on-screen odds now routinely appearing in sportscasts. Long-form sports documentaries have become popular, often highlighting a fascination with firsts rooted in notions of human conquest over nature that has remained an important source of sports mythmaking.
