COVER LETTER

Dear Hiring Manager,

I have always followed Google's mission to organize the world's information and make it universally accessible and useful. As a product manager, I am excited to bring my experience in user-centric product development to Google, where I can contribute to the company's mission and make a meaningful impact on the world.

In my current role at ABC Company, I spearheaded a comprehensive strategy review that aligned product development with customer market needs, resulting in a successful repositioning of our flagship product. This initiative not only boosted our financial performance but also led to a 20% increase in customer satisfaction. By establishing a data-driven decision-making process, my efforts resulted in a 15% increase in user retention and ultimately contributed to a substantial revenue growth of \$2 million.

I am eager to bring my track record of thoughtful product strategy and complex problem-solving to Google, where I can continue to grow and contribute to the company's mission. I am looking forward to discussing how my skills and experience align with the requirements of the position and how I can contribute to the team's success.

Best Regards,

Johnatan Wright
