Business English (Illustrated) Rose Buhlig, 2017-08-14 *Business English* The very name is an anomaly. From a literary point of view there is no such thing as English. English is English whether it be used to express the creations of our imagination, our aesthetic appreciations, or our daily wants. There is no magical combination of words, phrases, and sentences that is peculiar and distinctive to business transactions. Business English, as used in these pages, means effective communication, both oral and written. The author's aim throughout has been to teach the art of using words in such a way as to make people think and act. To do this she has applied the principles of literary composition to the highly complex and ever increasing problems of our business life. She realizes that business is vital and that the problems of commerce are not to be met and handled with dead forms and stereotyped expressions of legal blanks.

Business English Baye Hunter, 2011-05-12 *Business English* Communicating in today's business world provides teachers and learners of business English with essential theme based activities for expanding English vocabulary and communication skills.
