Women of Mystery Martha Hailey DuBose,2000-12-11 In this remarkable book Martha Hailey DuBose has given those multitudes of readers who love the mystery novel an indispensable addition to their libraries Unlike other works on the subject Women of Mystery is not merely a directory of the novelists and their publications with a few biographical details DuBose combines extensive research into the lives of significant women mystery writers from Anna Katherine Green and Mary Roberts Rinehart with critical essays on their work anecdotes contemporary reviews and opinions and some of the women's own comments She takes us through the Golden Age of the British women mystery writers Christie Sayers Marsh Allingham and Tey to the leading crime novelists of today focused on the women who have become legends of the genre And though she laments so many mysteries so little time she makes a good effort mentioning some of the best of the rest When DuBose writes of the lives of her principal players she relates them to their times their families their personal situations and above all to their books She subtly points out that Sayers whose experience with the men in her life was inevitably disastrous created in Lord Peter the ideal lover one who is all that a woman desires and needs DuBose gives us the curriculum vitae that Dorothy Sayers created to help her bring Peter Wimsey to a virtual actuality Ngaio Marsh would give up an active presence in the theatrical world she loved but she recreated it for herself as well as her readers in many of her novels The biographies of these women are as engrossing as the stories they wrote and Martha DuBose has shined a different intimate and intriguing light on them their works and the lives that informed those works This book is so full of treasure it's hard to see how any mystery enthusiast will be able to do without it And what a gift it would make for

1949 is one of my favourite books It isn t science fiction or fantasy it was published as a mystery novel It also falls into the special genre I call double identity Brat Farrar is a young man with a pronounced family resemblance to the Ashby family of Lodings A brother of about his age supposedly committed suicide his body was never found at the age of thirteen If twenty one year old Brat were the dead Patrick he d inherit the estate and all the money over the head of the smiling confident Simon Ashby Brat encounters Alec a rogue who knows the Ashbys well and Alec immediately concocts a plot Brat is drawn into the affair at first from curiosity and later from a desire to avenge Patrick This is a murder mystery as well as a double

identity story but the murder Brat is investigating is that of his own double and he can't reveal the truth without revealing his own deception

Brat Farrar Josephine Tey, 2015-06-08 *Barley Patch* Gerald Murnane, 2011-09-20 *Barley Patch* takes as its subject the reasons an author might abandon fiction or so he thinks forever Using the form of an oblique self interrogation it begins with the Beckettian question Must I write and expands from this small personal query to fill in the details of a landscape entirely unique in world letters a chronicle of the images from life and fiction that have endured and mingled in the narrator's mind as well as the details and details within details that these contain As interested if not more so in the characters from his books finished or unfinished as with the members of his family or with his daily life the narrator lays bare the act of writing and imagining at last giving us a glimpse of the mythical place where fictional characters dwell before they come into existence in books P 4 of cover
