through the events leading up to and following the ceremony and offering us a firsthand look at the often misunderstood and maligned ceremony itself Between the often amusing exploits of his Canadian family experiencing the unpredictability of the African wildlife for the first time and the historical insights he offers regarding the sometimes surprising cultural differences they encounter Jonas captures this pivotal period in his family's life with a unique narrative keepsake they will likely treasure for years to come But it has a lot to offer those of us who aren't a part of this familial circle as well Part romantic familial adventure and part anthropological study *Bride Price Lobola Narrative and Interpretation* is sure to engage your emotions even as it informs

*Reading Buchi Emecheta* Katherine Fishburn, 1995-04-25 In this first full length study of Emecheta's fiction Fishburn highlights the difficulties inherent in reading across cultures She challenges the notion that all we need to understand African texts is a willingness to be open to them arguing that too many of the cultural and critical preconceptions we bring to these texts interfere with our ability to understand them Directly responding to Western feminist criticism written about Emecheta this study argues that Emecheta herself is not a feminist in the Western sense and that her novels should not be construed as reflecting this political interest In close readings of eight of her best known works this study reveals a complex narrative voice which is far more supportive of Emecheta's own African culture and its tradition than has been recognized previously
