International Relations and World Politics Paul R. Viotti, 2008-10-10 International Relations and World Politics introduces the issues in an organized and comprehensible way examining them in relation to two trends three broad organizing themes or concepts key actors and three basic images or perspectives that provide structure for the pages that follow Two trends increasing globalization and crises of authority that characterize international relations and world politics Key organizing themes or concepts in particular security economy and identity that structure the three major sections of the book Key actors states international organizations and transnational organizations and movements such as nongovernmental organizations multinational corporations and terrorist groups Three basic images or perspectives on world politics realism liberalism or pluralism as it is frequently called and global economic structuralism which includes Marxism world systems and dependency theory supplemented by references to other theoretical and conceptual understandings mentioned below Paul R Viotti and Mark V Kauppi wrote this book because they believe it is possible and essential to improve a student s conceptual and theoretical thinking about international relations If one does not think conceptually a course in world politics threatens to become little more than current events Hence they structured the book in such a way that key concepts themes

and trends are utilized throughout the discussion of various topics
