Writing with AI in EFL Classrooms: Students' Perspectives and Pedagogical Implications Melanie Razonable,2026-03-18 Essay from the year 2026 in the subject Didactics for the subject English Miscellaneous grade 11 language English abstract The rapid development of Artificial Intelligence AI has begun to reshape educational practices across disciplines including language learning In English as a Foreign Language EFL contexts AI assisted writing tools are increasingly used to support learners during different stages of the writing process These tools provide functions such as idea generation vocabulary suggestions grammar feedback and text modeling which may help students overcome common difficulties in second language writing This paper explores students perspectives on the use of AI assisted writing tools in EFL classrooms and discusses the pedagogical implications of integrating these technologies into writing instruction Drawing on existing literature and theoretical frameworks such as the Technology Acceptance Model and the Presage Process Product model the discussion examines how students perceive the usefulness and accessibility of AI tools and how these perceptions influence their engagement with writing tasks The analysis suggests that EFL learners generally express positive attitudes toward AI writing tools reporting benefits such as reduced writing anxiety improved idea development and increased exposure to vocabulary and grammatical structures However the paper also highlights potential concerns including overreliance on AI inaccuracies in AI generated language and possible limitations for creativity and critical thinking when AI is used without guidance The paper argues that the effectiveness of AI in writing instruction depends not primarily on the technology itself but on how it is integrated into pedagogical practice Thoughtful instructional design and active teacher guidance are essential to ensure that

AI functions as a supportive learning tool rather than a substitute for meaningful language learning The study concludes by emphasizing the importance of responsible and reflective integration of AI technologies to support sustainable development in EFL writing education

The Wealth Habit Ken Okoroafor and Mary Okoroafor,2026-03-19 The Wealth Habit shows how small well designed behaviours repeated consistently create extraordinary financial outcomes over time Steven Bartlett The Diary of a CEO Wealth doesn t start with money it starts with a habit Most people think that wealth is reserved for the lucky few those born into privilege gifted with an entrepreneurial streak or naturally skilled with money But the truth is financial success isn t about luck it s about habits The Wealth Habit is a groundbreaking behaviour driven approach to wealth building that rewires the way you think about money turning financial success into a series of tiny effortless repeatable actions Instead of overwhelming readers with rigid budgets or complex investment strategies this book reveals how small daily financial moves compound into life changing wealth no matter where you start Whether you re struggling with money looking to break free from the paycheck to paycheck cycle or searching for a stress free automated way to build wealth this book gives you a clear habit based roadmap to make financial success inevitable Start small Repeat often Let the habit lead the way
