Flat-rate Tax United States. Congress. Senate. Committee on Finance, 1983

Topics in Public Economics David Pines, Efraim Sadka, Itzhak Zilcha, 1998 The evolving modern world is characterized by two opposing trends integration and segregation On the one hand we witness strong forces for segregation on the basis of nationality ethnicity religion and culture in the former Soviet Union the former Czechoslovakia the former Yugoslavia as well as in Northern Ireland Spain and Canada These forces are quite strong and in some cases violent On the other hand the European Union and NAFTA represent the tendency for integration motivated primarily by economic considerations such as gains from trade and scale economies In

fact these opposing trends can be explained by the concepts developed in modern club theory local public finance and international trade

Municipal Activities Cincinnati (Ohio). City Manager's Office,1927

Political Economy Daniel Usher,2008-04-15 This thought provoking introduction to economics exposes readers to the workings of the market in a democratic state The text explains basic economic concepts from a political perspective how the price mechanism substitutes for central authority in determining production and allocation of goods the use of demand and supply curves to trace the impacts of tariffs taxes subsidies quotas and patents and the redistribution of income Additionally the text explores political topics from an economic perspective including the avoidance of anarchy and despotism and the mutual dependence of markets voting public administration and law Relies largely on stories and paradigms to convey important economic concepts Explains basic economic concepts from a political perspective and explores political topics from an economic perspective Covers topics such as the price mechanism demand and supply curves redistribution of income anarchy voting and public administration
