Tax Bracket Science Experiments Best:

The Growth Experiment Revisited Lawrence Lindsey, 2013-09-10 The first edition of The Growth Experiment originally published in 1990 as a response to critics of the Reagan era tax cuts became a kind of bible for proponents of supply side economics This new and updated edition which explores the economic effects of America s tax policy over the last five presidential administrations makes a bold and timely argument against the centerpiece of Obama s economic policy increasing taxes on the wealthy Lawrence Lindsey provides a data rich argument showing that because of changes in human behavior prompted by tax cuts lowering taxes on the wealthy costs the treasury far less than most economists calculate and creates an economic boon to middle and lower income earners Sure to be controversial The Growth Experiment Revisited is essential reading for anyone looking to understand the arguments at the heart of this most fractious of American policy debates
