Fundamentals of Corporate Finance Stephen A. Ross,Bradford D. Jordan,Randolph Westerfield,Gordon Sam Roberts,J. Ari Pandes,Thomas A. Holloway,2021 When the three of us decided to write a book we were united by one strongly held principle Corporate finance should be developed in terms of a few integrated powerful ideas We believed that the subject was all too often presented as a collection of loosely related topics unified primarily by virtue of being bound together in one book and we thought there must be a better way One thing we knew for certain was that we didn t want to write a me too book So with a lot of help we took a hard look at what was truly important and useful In doing so we were led to eliminate topics of dubious relevance downplay purely theoretical issues and minimize the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of limited practical use

The Quiet Zone Stephen Kurczy,2021-08-03 In this riveting account of an area of Appalachia known as the Quiet Zone where cell phones and WiFi are banned journalist Stephen Kurczy explores the pervasive role of technology in our lives and the innate human need for quiet Captures the complex beauty of a disconnected way of life The Nation With a new afterword to the paperback edition Deep in the Appalachian Mountains lies the last truly quiet town in America Green Bank West Virginia is a place at once futuristic and old fashioned It s home to the Green Bank Observatory where astronomers search the depths of the universe using the latest technology while schoolchildren go without WiFi or iPads With a ban on all devices emanating radio frequencies that might interfere with the observatory s telescopes Quiet Zone residents live a life free from constant digital connectivity But a community that on the surface seems idyllic is a place of contradictions where the provincial meets the seemingly supernatural and quiet can serve as a cover for something darker Stephen Kurczy embedded in Green Bank

making the residents of this small Appalachian village his neighbors He shopped at the town s general store attended church services went target shooting with a seven year old square danced with the locals sampled the local moonshine In The Quiet Zone he introduces us to an unforgettable cast of characters There is a tech buster patrolling the area for illegal radio waves electrosensitives who claim that WiFi is deadly a sheriff s department with a string of unsolved murder cases dating back decades a camp of neo Nazis plotting their resurgence from a nearby mountain hollow Amongst them all are the ordinary citizens seeking a simpler way of living Kurczy asks Is a less connected life desirable Is it even possible The Quiet Zone is a remarkable work of investigative journalism at once a stirring ode to place a tautly wound tale of mystery and a clarion call to reexamine the role technology plays in our lives
