SPOKEN ENGLISH TEACHING STRATEGIES TO OVERCOME COMMUNICATION DIFFICULTIES AMONG B.Ed. STUDENTS Nidhu Neena Varghese, 2017-06-19 The word communication comes from the Latin verb *communicare* which means to talk together confer discourse and consult one with another¹ It is intimately related to the Latin word *communitas* which means not only community but also fellowship and justice in men's dealings with one another Society is based on the possibility of word on co operation But without communication co operation is impossible Through communication men share knowledge information and experience and thus understand persuade convert or control their fellows Study speaking : a course in spoken English for academic purposes. perspective that integrates language structural neurocognitive and dialogic aspects of speech production Based on fresh empirical research Haselow argues that grammatical knowledge rests upon two cognitive principles of linearization called microgrammar and macrogrammar which are shown to interact in various ways The book discusses a broad range of speech phenomena under an integrated framework such as the omnipresence of unintegrated constituents e g discourse markers ellipses or the allegedly fragmented character of syntax and explains the mechanisms of processing efficiency that guide syntactic planning
