Medievalism in A Song of Ice and Fire and Game of Thrones Shiloh Carroll,2018 Game of Thrones is famously inspired by the Middle Ages but how authentic is the world it presents This volume offers different angles to the question One of the biggest attractions of George R R Martin s high fantasy series A Song of Ice and Fire and by extension its HBO television adaptation Game of Thrones is its claim to historical realism The author the directors and producers of the adaptation and indeed the fans of the books and show all lay claim to Westeros its setting as representative of an authentic medieval world

But how true are these claims Is it possible to faithfully represent a time so far removed from our own in time and culture And what does an authentic medieval fantasy world look like This book explores Martin s and HBO s approaches to and beliefs about the Middle Ages and how those beliefs fall into traditional medievalist and fantastic literary patterns Examining both books and programme from a range of critical approaches medievalism theory gender theory queer theory postcolonial theory and race theory Dr Carroll analyzes how the drive for historical realism affects the books and show s treatment of men women people of colour sexuality and imperialism as well as how the author and showrunners discuss these effects outside the texts themselves SHILOH CARROLL teaches in the writing center at Tennessee State University Women of Ice and Fire Anne Gjelsvik, Rikke Schubart, 2016-04-07 George R R Martin s acclaimed seven book fantasy series A Song of Ice and Fire is unique for its strong and multi faceted female protagonists from teen queen Daenerys scheming Queen Cersei child avenger Arya knight Brienne Red Witch Melisandre and many more The Game of Thrones universe challenges exploits yet also changes how we think of women and gender not only in fantasy but in Western culture in general Divided into three sections addressing questions of adaptation from novel to television female characters and politics and female audience engagement within the GoT universe the interdisciplinary and international lineup of contributors analyze gender in relation to female characters and topics such as genre sex violence adaptation as well as fan reviews The genre of fantasy was once considered a primarily male territory with male heroes Women of Ice and Fire shows how the GoT universe challenges exploits and reimagines gender and why it holds strong appeal to female readers audiences and online participants **A Game of Thrones 4-Book Bundle** George R. R. Martin, 2011-03-22 The perfect gift for fans of HBO s Game of Thrones a boxed set featuring the first four novels George R R Martin s A Song of Ice and Fire series has become in many ways the gold standard for modern epic fantasy Martin dubbed the American Tolkien by Time magazine has created a world that is as rich and vital as any piece of historical fiction set in an age of knights and chivalry and filled with a plethora of fascinating multidimensional characters that you love hate to love or love to hate as they struggle for control of a divided kingdom This bundle includes the following novels A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS Cassette Books Library of Congress. National Library Service for the Blind and Physically Handicapped, 2007 **George R. R. Martin Song of Ice and Fire Audiobook Bundle** George R. R. R. Martin, 2011-03-22 NOW THE ACCLAIMED HBO SERIES GAME OF THRONES THE MASTERPIECE THAT BECAME A CULTURAL PHENOMENON Here is the first book in the landmark series that has redefined imaginative fiction and become a modern masterpiece A GAME OF THRONES In a land where summers can last decades and winters a lifetime trouble is brewing The cold is returning and in the frozen wastes to the North of Winterfell

sinister and supernatural forces are massing beyond the kingdom's protective Wall. At the center of the conflict lie the Starks of Winterfell, a family as harsh and unyielding as the land they were born to. Sweeping from a land of brutal cold to a distant summertime kingdom of epicurean plenty, here is a tale of lords and ladies, soldiers and sorcerers, assassins and bastards who come together in a time of grim omens. Amid plots and counterplots, tragedy and betrayal, victory and terror, the fate of the Starks, their allies, and their enemies hangs perilously in the balance as each endeavors to win that deadliest of conflicts: the game of thrones.

R. Martin. In some areas the paperback edition was published in two parts titled *Dreams and Dust* and *After the Feast*. A Dance with Dragons was originally intended to be the title of the second novel in the sequence when Martin still envisioned the series as a trilogy. Some early US editions of A Game of Thrones (1996) list A Dance of Dragons as the forthcoming second volume in the series. The 1998 anthology *Legends* which features the novella *The Hedge Knight* from the same universe lists A Dance of Dragons as the fifth installment of the series. Like the previous four volumes in the Ice and Fire series the book includes a lengthy appendix with the volume running a total of 1,040 pages. On March 3, 2011 publishing imprint Bantam Spectra announced that the novel would be released on July 12, 2011. Martin delivered the manuscript to his editor on April 27, 2011, however as early as 2006 Martin made sample chapters available on his website and at Amazon.co.uk. Additionally the German branch of Amazon.com (Amazon.de) released a reported 180 copies two weeks early by mistake. The US hardcover was officially published on July 12, 2011, having gone back to press for six printings totaling more than 650,000 copies prior to the 1,000-page novel being available. 298,000 copies in print, digital and audio formats were sold that first day alone, becoming publishing giant Random House's biggest book of 2011 and a runaway bestseller.
