Bank support were told to emulate Pinochet's free market policies and Chile's government pension even inspired President George W Bush's plan to privatize Social Security The other baggage the assassinations tortures people thrown out of airplanes mass murders of political prisoners was simply the price to be paid for building a modern state But the questions raised by Pinochet's rule still remain Are such dictators somehow necessary Horrifying but also inspiring The Dictator's Shadow is a unique tale of how geopolitical rivalries can profoundly affect everyday life
