

Social Change

I. Social Change

For more than 45 years, Walden University has provided a diverse community of career professionals with the opportunity to transform themselves as scholar-practitioners so that they can apply what they've learned to effect positive social change.

Walden is focused on inspiring and celebrating the remarkable achievements of our community members who continue to make a difference by addressing challenges where they live, in their professions, and in the world around them.

Walden's five-year social change plan is one that will shape our thinking about the future and our vision for social change within the university. Read more about the university's efforts to become a leader in connecting our virtual presence with both local and global actions to make a difference in the [Walden 2020: A Vision for Social Change 2017 Report](#).

For Walden, social change is not just something we talk about—social change is who we are. Walden students, alumni, faculty, and staff are creating and contributing to real change and having an impact on a global scale.

As a Certified B Corporation®, Walden is proud to join a growing, global movement of other Certified B Corps that look beyond profits to benefit the communities we serve and, most importantly, future generations. Our B Corp™ certification directly aligns with our mission to drive positive social change through our graduates of our degree programs. Our students and alumni embrace this responsibility, using their education to make the world a better place.
