in economically and socially productive ways In their most warped manifestations however these fictive familial bonds reinforce insularity entrench privilege and at times threaten physical safety

**Instagram's impact on Generation Z. Does a professional Instagram account influence the decision-making process?** Maria Priller,2019-08-13 Master s Thesis from the year 2019 in the subject Communications Public Relations Advertising Marketing Social Media grade 2 University of applied sciences Tourism Leisure Management language English abstract The main objective of this master thesis is to investigate whether Instagram has an impact on Generation Z s decision making behaviour when choosing an Austrian spa facility According to the determined research questions this thesis aims to examine as well to what extent a professional Instagram account has an impact on the decision making process what the motivations are to use Instagram regarding a wellness stay and how Generation Z perceives the Austrian spa industry In addition recommendations for an enhanced Instagram performance for Austrian spa s will be given For the secondary research relevant books articles journals studies and websites have been used To answer the research questions properly a quantitative research method in the form of an online questionnaire according to the expectation motivation and attitude model was applied *Follow the Fossils* Samantha B. Ocon,Lisa Lundgren,Richard T. Bex II,Jennifer E. Bauer,Mary Jane Hughes,Sadie M. Mills,2021-12-09 The ability for people to connect learn and communicate about science has been enhanced through the Internet specifically through social media platforms Facebook and Twitter are well studied while Instagram is understudied This Element provides insight into using Instagram as a science education platform by pioneering a set of calculated metrics using a paleontology focused account as a case study Framed by the theory of affinity spaces the authors conducted year long analyses of 455 posts and 139 stories that were created as part of an informal science learning project They found that team activity updates and posts outside of their other categories perform better than their defined categories For Instagram stories the data show that fewer slides per story hold viewers attention longer and stories using the poll tool garnered the most interaction This Element provides a baseline to assess the success of Instagram content for science communicators and natural science institutions

[Spirituality in the Selfie Culture of Instagram](#) Petra P. Sebek,2019-03-22 This explorative study of personal spiritual expressions on Instagram generated important data in relation to the emerging field of cyberspirituality and showed the need for further development and research The book reveals several forms of spirituality present on Instagram mainly belonging to secular spirituality Many spiritual practices emerged in posts from all over the world demonstrated through photography as spiritual practice The Internet and social media in particular present an opportunity for individuals and communities to develop spiritual narrative when communicating online especially with young people who are more likely to express themselves as spiritual but not religious Spiritual authenticity on social media as a part of building spiritual capital is an important step
