umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes These exercises are to get rid of weight and will make sure that you keep fit fine and healthy When you nod and say Go on he is going to continue enthusiastically And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done Hold it right there You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting This idea that you have to chant instant mantras in praise of the gods is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition That is because they consider this to be religion area and civilization specific This is definitely not so An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered But you are not a Hindu So why would you want to practice yoga And then she shrugged her shoulders and said Well I guess it is just a passing phase this interest in yoga This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy And I am glad to see that she has been proven wrong because Yoga is definitely not a fad It is not here today gone tomorrow More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit Yoga has been around for more than 5000 years It has been practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation So have plenty of old Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner **COSMIC BLISS by YOGA- Beginners guide Part-1** Dr. Mrudul Y. Chitrakar- Lonkar,2024-06-26 This book is perfect combination to attain Academic philosophical and practical knowledge and understanding of Yoga for self help To get all benefits of Yoga one must understand certain basic concepts like philosophy of Yoga Ashtangayoga with practical approach Yogic cleansing practices awareness through breathing practices step by step Asana and also indication and contraindications while practicing them Nadi science Shatchakras and Panchakoshas with importance of it in meditation to achieve mental health With meticulously crafted illustrations this book is a humble endeavour to weave together the threads of Ayurveda and Yoga illuminating their symbiotic relationship and offering practical guidance for those traversing the path of self discovery and healing *A Beginners Guide to Chair Yoga* Trey Andrews,2024-12-12 Chair yoga offers a versatile and accessible approach to practicing yoga opening up its numerous benefits to a broader audience Unlike traditional yoga which often requires a mat and a range of physical postures that may be challenging for some chair yoga is performed seated or using a chair for support This adaptation makes yoga accessible to individuals of varying physical abilities including seniors those recovering
