Making A Bridge Too Far Simon Lewis, 2024-05-07 A Bridge Too Far released in 1977 proved to be the last epic WWII movie made in the Hollywood studio system Its ambitious goal to recreate the doomed Allied plan called Operation Market Garden in September 1944 Market Garden s goal was to surprise the Germans with a mammoth parachute drop behind their lines and bring a quick end to the war but the plan became a disaster for the Allies with the battle for the Arnhem bridge vicious as the Red Devils of British First Airborne held out against overwhelming odds Producer Joseph E Levine packed his cast with the top stars of the 1970s including Anthony Hopkins Robert Redford Sean Connery James Caan Michael Caine Elliott Gould Dirk Bogarde and Laurence Olivier and shot the film on location in and around Arnhem Making Dirk Bogarde was a British war veteran who had participated in Market Garden and bore the mental scars to prove it

A History of the Guards Armoured Formations 1941-1945 Charles Richard Trumpp, 2025-03-30 Although the Guards armored Division and its sister formation the 6th Guards Tank Brigade shared a common origin they went on to forge quite different operational records One of the units would be tarnished by its failures while the other was applauded for its successes A month after VE Day the two Guards armored formations would be reunited one last time before being officially disbanded During the intervening years the Guards faced criticism public ridicule the threat of disbandment and many other challenges Nevertheless these armored Guardsmen would prevail on the battlefield In response to the threat of a German invasion of the British Isles the Guards armored Division formed in the spring of 1941 But why convert battalions of Foot Guards considered by many to be first class infantry into an armored formation Certainly many people were skeptical that spit and polish Guardsmen could ever adapt to a new armored role As the threat of invasion receded the Guards armored Division and 6th Guards Tank Brigade embarked on years of training while the war raged elsewhere This book examines the decision to form the Guards armored Division and then keep it at home for an extended period Once deployed to Normandy the fighting quickly revealed shortcomings in the Division s training equipment and operational procedures In contrast when the Churchill tanks of the 6th Guards Tank Brigade went into action south of Caumont it was to prove an affirmation of everything they had learnt in training Over the next ten months the Guards armored formations would celebrate victories and lament failures while fighting their way across northwest Europe This book examines how the decision to raise a Guards armored Division came about and why the idea met with such strong opposition It also takes an in depth look at the training equipment and culture of the Brigade of Guards and how that influenced the two formations preparedness for war Once deployed overseas the book explores how the Guards were able to adapt to changing conditions on the battlefield and adopt new operational and tactical procedures Finally the book reveals why the Guards armored formations were hurriedly disbanded in June 1945 Additionally using new archive material the book discloses why it took over a decade to publish the official history of the Guards armored Division
