**The Poitier Effect** Sharon Willis,2015-03-01 The civil rights struggle was convulsing the nation its violence broadcast into every living room Against this fraught background Sidney Poitier emerged as an image of dignity discipline and moral authority Here was the picture perfect black man helping German nuns build a chapel in *The Lilies of the Field* and overcoming the prejudices of recalcitrant students in *To Sir with Love* a redneck sheriff

in *In the Heat of the Night* and a prospective father in law in *Guess Who's Coming to Dinner* In his characters restrained responses to white people's ignorance and bad behavior Poitier represented racial reconciliation and reciprocal respect the Poitier effect that Sharon Willis traces through cinema and television from the civil rights era to our own The Poitier effect in Willis's account is a function of white wishful thinking about race relations It represents a dream of achieving racial reconciliation and equality without any substantive change to the white world This notion of change without change conforms smoothly with a fantasy of colorblindness a culture in which difference makes no difference Willis demonstrates how Poitier's embodiment of such a fantasy figures in the popular cinema of the civil rights era and reasserts itself in recent melodramas such as *The Long Walk Home* *Pleasantville* *Far from Heaven* and *The Help* From change without change to change we can believe in her book reveals how the Poitier effect complicated by contemporary ideas about feminism sexuality and privilege continues to inform our collective memory as well as our visions of a postracial society **The Intercollegian**, 1965
