### COVER LETTER

---

#### Dear Hiring Manager,

I have always followed Google's mission to organize the world's information and make it universally accessible and useful. As a product manager, I am excited to bring my experience in user-centric product development to Google, where I can contribute to the company's mission and make a meaningful impact on the world.

In my previous role at [Company], I spearheaded a comprehensive strategy review that aligned product development with customer market needs, resulting in a successful repositioning of the product line. This initiative not only boosted sales but also enhanced user satisfaction by addressing key pain points. My efforts resulted in a 15% increase in user retention and a significant reduction in customer support tickets, contributing to a substantial cost saving of \$1 million.

I am eager to bring my track record of thoughtful product strategy and complex problem-solving to Google, where I can continue to grow and contribute to the company's mission. I am looking forward to discussing how my skills and experience align with the needs of your team and how I can contribute to the success of your organization.

#### Best Regards,

Johnatan Wright
