UG **Transport Services Management in Africa** Emmanuel Mogaji, Ogochukwu Ugboma, Chinebuli Uzundu, 2025-10-15 Transportation is an essential part of human activity and a service that makes an enormous contribution to the economic social and general well being of countries and their citizens However many developing countries and emerging economies are suffering from institutional challenges that impact their transport infrastructure and ability to provide an effective transport service This book highlights the research on transportation services in Africa and provides theoretical underpinning for future studies on transport service management It recognises that one size does not fit all acknowledging that transport service provision in Africa needs to be contextualised amidst the inherent challenges and the travel demands of citizens This book moves beyond Western transport land use and engineering research to explore transportation from a

services and business perspective and provides a comprehensive resource encompassing transport service quality marketing communication public sector engagement with stakeholders and sustainable and inclusive transportation This edited collection brings together insights from authors across Africa to provide much needed theoretical and practical knowledge for academic researchers and students as well as policymakers in the region *Leveraging Computer-Mediated Marketing Environments* Bowen, Gordon,Ozuem, Wilson,2019-01-25 Social media has redefined the way marketers communicate with their customers giving consumers an advantage that they did not have previously However recent issues in online communication platforms have increased the challenges faced by marketers in developing and retaining their customers Practitioners need to develop effective marketing communication programs that incorporate the meaningful forms of sociality into a customer driven marketing program *Leveraging Computer Mediated Marketing Environments* discusses the nature of heightened interaction between marketers and consumers in the evolving technological environments particularly on the central nature of online communities and other emerging technologies on dialogic engagement Additionally it aims to examine the relevant roles of online communities and emerging technologies in creating and retaining customers through effective dialogue management Highlighting brand strategy e services and web analytics it is designed for marketers brand managers business managers academicians and students *Behind the Search Box* ShinJoung Yeo,2023-04-18 Once seen as a harbinger of a new enlightened capitalism Google has become a model of robber baron rapaciousness thanks to its ruthless monetizing of private data obsession with monopoly and pervasive systems of labor discrimination and exploitation Using the company as a jumping off point ShinJoung Yeo explores the political economy of the search engine industry against the backdrop of the relationship between information and capitalism s developmental processes Yeo s critical analysis draws on in depth discussions of essential issues like how the search engine evolved into a ubiquitous commercial service it s place in a global information business that is restructuring the information industry and our very social lives who exactly designs and uses search technology what kinds of workers labor behind the scenes and the influence of geopolitics An incisive look at a pervasive presence in our lives *Behind the Search Box* places the search engine industry s rise and ongoing success within an original political economy of digital capitalism **Research Anthology on Strategies for Using Social Media as a Service and Tool in Business** Management Association, Information Resources,2021-05-28 Social media has become an integral part of society as social networking has become a main form of communication and human interaction To stay relevant businesses have adopted social media tactics to interact with consumers conduct business and remain competitive Social technologies have reached a vital point in the business world being essential in strategic decision making processes building relationships with consumers marketing and branding efforts and other important areas While social media continues to gain importance in modern society it is essential to determine how it functions in contemporary business The *Research Anthology on Strategies for Using Social Media as a Service and Tool in Business* provides updated information on

how businesses are strategically using social media and explores the role of social media in keeping businesses competitive in the global economy The chapters will discuss how social tools work what services businesses are utilizing both the benefits and challenges to how social media is changing the modern business atmosphere and more This book is essential for researchers instructors social media managers business managers students executives practitioners industry professionals social media analysts and all audiences interested in how social media is being used in modern businesses as both a service and integral tool
