Experimental Knowledge James Mattingly, 2021-12-13 Introduction Aspects of experimentation Information and experimentation Ways of experimenting **Do the Humanities Create Knowledge?** Chris Haufe, 2023-12-07 There is in certain circles a widely held belief that the only proper kind of knowledge is scientific knowledge This belief often runs parallel to the notion that legitimate knowledge is obtained when a scientist follows a rigorous investigative procedure called the scientific method Chris Haufe challenges this idea He shows that what we know about the so called scientific method rests fundamentally on the use of finely tuned human judgments directed toward certain questions about the natural world He suggests that this dependence on judgment in fact reveals deep affinities between scientific knowledge and another equally important sort of comprehension that of humanistic creative endeavour His wide ranging and stimulating new book uncovers the unexpected unity underlying all our efforts whether scientific or arts based to understand human experience In so doing it makes a vital contribution to broader conversation about the value of the humanities in an increasingly STEM
