Northeast American Sports Car Races Terry O'Neil,2022-02-07 The growth of sports car racing in Northeast America was not painless Tragedy mystery subterfuge intrigue and an adherence to a particular club philosophy all featured in its story during the 1950s when professionalism in the sport was always bubbling under the surface The northeast area of America has long been considered the cradle of post World War II sports car racing the Sports Car Club of America was founded there and it was the entry point to America for a host of European sports cars Early in the 1950s road races had been permitted by some State authorities but due to fatal accidents a ban on such racing came into effect Forced to find alternative venues the motor clubs were attracted to civil airports and a few military bases But the drivers craved more challenging venues on which to hone their skills This resulted in a few individuals chancing their reputation and a great deal of money and opening purpose built circuits This book gives a unique insight into this intriguing journey through the decade Extensively researched the compelling story and stunning contemporary photos many previously unpublished paint a fascinating portrait of a nascent sport coming into its own *Austin-Healey 100 and 3000 Series* Graham Robson,1994 The Healeys took the motoring world by storm in the 1950s and 60s and enjoyed popularity not only as a production car but as a racing car This detailed account gives a full biography of Donald Healey plus a history of the car its competition performance and full specifications

The solution was a marriage of convenience whereby the SCCA was allowed access to active SAC air bases to hold its race programmes. In return the SAC base would receive the net profits from the event which would be put into the Airmen's Living Improvement Fund. As a result of some initial financial success for the SAC bases the scheme was also adopted by non SAC bases together with regional clubs with the same agreement in place. Complaints from airmen alerted Congressman Errett Scrivner to potential irregularities and he ordered an audit to be conducted to ascertain precisely what it was costing the air bases to host the races. His findings led to the cessation of the races ordered by Congress. The product of a long period of extensive research by the author, this book gives a fascinating insight into this two year period complemented by over 150 period pictures many previously unpublished. *Austin Healey Sprite - The Complete Story* Malcolm Thorne, 2022-09-23

In May 1958 one of the world's largest motor manufacturers unveiled a diminutive two seater that would take the world by storm. Being neither expensive nor exotic for many motorists the Sprite opened the door to sports car ownership and in so doing its commercial success was almost guaranteed. With over 250 photographs this book includes the genesis of the Sprite from the Austin Seven and pre war MG Midget via Donald Healey's Riley and Nash engined models to the Austin A30 A90 Atlantic and Healey Hundred. The development, launch and market reception is covered along with details of the evolution from Mk I to Mk IV including the Frogeye and restyled ADO 41.
