The Art of Compassionate Business

Bruno R. Cignacco,2023-12-01 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult All this leads to the question Is there a way to perform business activities more humanely The second edition of this book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and in the workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organisation they work for or own The author has refreshed all the concepts and examples introduced in the first edition which include aspects related to mission and vision passion business mindset organisational learning improvement of business conversations use of constructive criticism and betterment of relationships with the most relevant stakeholders customers suppliers intermediaries community employees etc The author also includes a discussion of creativity and the innovation process as well as other relevant aspects related to a healthy business environment and provides various real life examples of companies which have adopted a loving attitude towards their stakeholders which has become so important in the current business environment

Private Practice MBA Jeremy Pyle, Robbie Poe, 2023-03-21. A step-by-step road map for creating the business that you and your staff and your patients deserve. Let's get real. Should you read this book? Here's the thing: Most physicians aren't looking for something new. Most of us are pretty set in our ways, and we're taught from day one to be fearful of running our own practices. But what if you didn't have to do it alone? What if you knew how to run a thriving practice that didn't run your life into the ground? What if there was a step-by-step system that you felt confident implementing yourself? That's exactly what you'll find within the pages of this book. And if that's the kind of thing you've been looking for, then let's get started together.
