*Our Great Customer Service in Our Great United States* Faye Mcghee,2013-07-22 As I have said so many times in my life Knowledge is power and when you know what is going to happen and you come to expect it you can deal with it a lot better We cannot let the terrible customer service we get define us though I have found that when customers are rude mean or demanding it is because they have allowed the customer service representatives to make them that way Control your own life and do not allow the customer service representative to do it for you I feel that if I have a lot of stress in my life and I can deal with the craziness of our terrible customer service representatives without going postal so can everyone else As I said before control your own life When the guy at the cash register stares blankly at you and ask you for your discount card and you just handed it to him just smile and point to it You are on your way home at this point anyway *Customer Care* Pat Gannon-Leary,Michael McCarthy,2010-03-15 Customer Care provides a detailed course suitable for delivery to library staff at all levels It can be used as a stand alone reference work for customer care processes and procedures or alternatively it can be used by library staff to tailor a customer care course to suit the requirements and training needs of their own staff Dual use reference work and or training manual Potential as a text book Applicable to a wider context than LIS could be used for a whole HEI institutional approach to customer care or in local authorities public services **Bulletin of the United States Bureau of Labor Statistics** ,2000 *The Foreign Service of the United States* Tracy Hollingsworth Lay,1925

**Customer Service in Academic Libraries** Stephen Mossop,2015-10-06 The term customer service is not new to the academic library community Academic libraries exist to serve the needs of their community and hence customer service is essential However the term can be applied in a variety of ways from a thin veneer of politeness to an all encompassing ethic focussing organisational and individual attention on understanding and meeting the needs of the customer For customers the library s Front Line team is the human face of the library How well they do their job can have a massive impact on the quality of the learning experience for many students and can directly impact upon their success The importance of their role and the quality of the services they offer should not be underestimated but in an increasingly digital world and with potentially several thousand individuals visiting every day whether in person or online each with their own agendas and requirements how can the library s Front Line team deliver the personal service that each of these individuals need Customer Service in Academic Libraries contributes to what academic libraries as a community do really well the sharing of best practice It brings together in one place examples of how Front Line teams from libraries across a wide geographical area Hong Kong Australia Turkey and the United Kingdom work to get it right for their customers Between them they cover a range of institutions including research intensive mixed HE FE private establishments and shared campuses All have their own tales to tell their own emphases their own ways of doing things and all bring their own examples of best practice which it is hoped readers will find useful in their own context Discusses customer service in a library setting Translates management theory
