Video Verification in the Fake News Era Vasileios Mezaris, Lyndon Nixon, Symeon Papadopoulos, Denis Teyssou, 2019-09-17 This book presents the latest technological advances and practical tools for discovering, verifying, and visualizing social media video content and managing related rights. The digital media revolution is bringing breaking news to online video platforms, and news organizations often rely on user-generated recordings of new and developing events shared in social media to illustrate the story. However, in today's fake news era, access to increasingly sophisticated editing and content management tools and the ease with which fake information spreads in electronic networks require the entire news and media industries to carefully verify third-party content before publishing it. As such, this book is of interest to computer scientists and researchers, news and media professionals, as well as policymakers and data-savvy media consumers.

Returning Well Kirstie Sneyd, 2025-05-06 There are recognised challenges on returning to work after parental leave, ranging from managing guilt and feeling overwhelmed to dealing with missed career opportunities. There are also changes in the way parents return, with increased working from home and more fathers taking parental leave, leading to additional

demands such as getting up to speed with changes and dealing with stereotypes from others. Despite changes in legislation and an increase in workplace policies, progress in supporting parental returners is still limited. Managers often lack the experience, time, or skills to effectively manage those returning from parental leave, whilst parental returners may not recognise how they can best support themselves. This practical, evidence-based guide sees the return to work as a shared responsibility aimed at professionals who are returning after taking parental leave and managers who are supporting these parental returners. Grounded in psychological research, this book provides examples and practical tools and techniques for new parents to equip themselves for both going on parental leave and returning to the workplace. For managers, there is clear guidance and checklists to effectively support these returning parents.
