Understanding Media Psychology Gayle S. Stever, David C. Giles, J. David Cohen, Mary E. Myers, 2025-07-23

Understanding Media Psychology is an authoritative introductory textbook on the growing field of media psychology. Providing an overview of topics in the field, it summarizes key concepts and theories and considers the importance of media psychology in today's society. The second edition of this bestselling textbook has been fully updated to reflect the changing landscape of media psychology. The new edition features a brand new chapter on news and political media as well as increased focus on AI and new forms of social media. It covers core areas such as positive media psychology, audience research, and the effect of gaming, violence, advertising, and pornography, critically engaging with contemporary discussions around propaganda, fake news, deepfakes, and how media and health psychology interacted during the COVID-19 pandemic and beyond. Written by a team of expert authors, this book will help readers understand the structures, influences, and theories around media psychology. Particular care is also given to addressing the interaction between issues of social justice and the media, as well as the effects media has on both the members of marginalized groups and how those groups are perceived. A student website and instructor resources provide further ways to engage with the content and support teaching and learning. Containing a range of pedagogical features throughout to aid teaching and student learning, including vocabulary and key terms, discussion questions, and boxed examples, this is an essential resource for media psychology courses at the undergraduate and introductory master's levels globally.

Artificial Intelligence and Intellectual Property Jyh-An Lee, Reto M. Hilty, Kung-Chung Liu, 2021. This edited volume provides a broad and comprehensive picture of the intersection between Artificial Intelligence technology and Intellectual Property law, covering business and the basics of AI, the interactions between AI and patent law, copyright law, and IP administration, and the legal aspects of software and data.

[The Handbook of Communication Rights, Law, and Ethics](#) Loreto Corredoira, Ignacio Bel Mallen, Rodrigo Cetina Presuel, 2021-04-08. Discover how modern technological realities shape freedoms of expression and opinion with this comprehensive resource. The Handbook of Communication Rights, Law, and Ethics delivers an extensive review of the challenges facing modern communication rights. It offers readers an examination of the interplay between communication law and ethics and the role played by communication professionals in protecting individuals' rights to communication. Distinguished authors Loreto Corredoira, Ignacio Bel Mallen, and Rodrigo Cetina Presuel walk readers through the fundamental ideas and concepts that represent universal common ground regarding communication rights. They compare communication rights theories developed in Europe, the United States, Latin America, Australia, and East Asia to describe how communication-related freedoms and rights are formulated and applied around the world. Finally, the meaning of the phrases freedom of expression and freedom of the press are examined in the context of national constitutions and international human rights instruments. The Handbook of Communication Rights, Law, and Ethics provides readers with a diverse global perspective on how

communication rights are protected and challenged around the world A universal vision of communication rights that encourages dialogue rather than confrontation A comparison of the American First Amendment of the Constitution with European communication rights theories and other legal traditions around the world An exploration of the frontiers of communication rights concepts terminology jurisdiction and territoriality Perfect for professors graduate students doctoral students and postdoctoral researchers studying communication rights and freedom of expression around the world The Handbook of Communication Rights Law and Ethics also belongs on the bookshelves of researchers studying issues surrounding freedom of the press in North America Europe and Latin America
