Research Anthology on Bilingual and Multilingual Education Management Association, Information Resources, 2021-10-29 Given the boost in global immigration and migration as well as the emphasis on creating inclusive classrooms research is turning to the challenges that teachers face with the increasing need for bilingual and multilingual education The benefits of bilingual education are widespread allowing students to develop important cognitive skills such as critical thinking and problem solving as well as opening further career opportunities later in life However very few resources are available for the successful practice and implementation of this education into the curriculum with an even greater lack of appropriate cultural representation in the classroom Thus it is essential for educators to remain knowledgeable on the emerging strategies and procedures available for making bilingual and multilingual education successful The Research Anthology on Bilingual and Multilingual Education is a comprehensive reference source on bilingual and multilingual education that offers the latest insights on education strategy and considerations on the language learners themselves This research anthology features a diverse collection of authors offering valuable global perspectives on multilingual education Covering topics such as gamification learning processes and teaching models this anthology serves as an essential resource for professors teachers pre service teachers faculty of K 12 and higher education government officials policymakers researchers and academicians with an interest in key strategy and understanding of bilingual and multilingual education

**Koedoe**, 2000 **Cross-age Teaching and Plurilingualism** Edward P. Flynn, 2026-01-01 This book examines the feasibility of realising the plurilingual vision of the Barcelona Summit Agreement mother tongue plus two additional languages through the second level education system by employing three strategies 1 harmonising postprimary modern foreign language MFL classes in line with the Common European Framework of Reference for Languages CEFR through cross age teaching 2 replacing the current state second level MFL exams with CEFR international exams and 3 implementing Content and Language Integrated Learning CLIL Taking Ireland as a

microcosm of broader international practice it analyses the impediments that hinder students from reaching their plurilingual potential within the education system and makes the case for a well defined framework of topdown and bottom up language policy and planning It also investigates how the European Schools system has successfully achieved Mother Tongue 2 In addition it explores how the strategies and recommendations put forward can play a key role in the revitalisation of minority languages with a particular focus on the Irish language This book will be of interest to a broad readership open to reenvisioning how education systems can foster truly plurilingual students
