America today is a shadow of what it once was Over the past forty years people have turned away from God and instead  
accepted the flawed view that morality is subjective and personal As a country we have discarded the idea that there is an  
absolute right and an absolute wrong This is spread through our universities where students learn only the scientific  
perspective without completing their education in religion and morality This has created untold social problems from the  
2008 market crash to the widespread abuse of drugs and alcohol The Selfish America looks closely at the transcendent  
reality of absolute morality and how it can be used to reestablish the word of God in our country With these steps we can  
save America and reestablish our moral foundations This can only be done through acknowledging that there is a  
transcendent physical reality a transcendent intellectual reality and a transcendent moral reality in God      *The Saturday
