## **Lateral Thinking Edward De Bono:**

*Lateral Thinking* Edward De Bono, 1977 THE classic work about improving creativity from world renowned writer and philosopher Edward de Bono In schools we are taught to meet problems head on what Edward de Bono calls vertical thinking This works well in simple situations but we are at a loss when this approach fails What then Lateral thinking is all about freeing up your imagination Through a series of special techniques in groups or working alone Edward de Bono shows how to stimulate the mind in new and exciting ways Soon you will be looking at problems from a variety of angles and offering up solutions that are as ingenious as they are effective You will become much more productive and a formidable thinker in your own right If more bankers and traders had read *Lateral Thinking* and applied the ideas of Edward de Bono to their own narrow definitions of risk reward and human expectations I suspect we would be in much better shape than we are Sir Richard Branson Edward de Bono invented the concept of lateral thinking A world renowned writer and philosopher he is the leading authority in the field of creative thinking and the direct teaching of thinking as a skill Dr de Bono has written more than 60 books in 40 languages with people now teaching his methods worldwide He has chaired a special summit of Nobel Prize laureates and been hailed as one of the 250 people who have contributed most to mankind Dr de Bono s titles include classic bestsellers such as *Six Thinking Hats* *Lateral Thinking* *I Am Right You Are Wrong* *Teach Yourself How To Think* *Teach Your Child How To Think* and *Simplicity* all now re issued by Penguin [www.edwdebono.com](http://www.edwdebono.com) [Lateral Thinking](#) Edward de Bono, 2010-09-07 The classic work on creativity and problem solving techniques that provide an alternative to just sitting around waiting for the Muse to appear *Times Educational Supplement* The first practical explanation of how creativity works this results oriented classic reveals how to move beyond a vertical mode of thought focused on following step by step logic in search of a single correct solution to tap the potential of lateral thinking which leads us to creatively generate multiple ideas A prominent scholar of psychology medicine and physiology who taught at Oxford Cambridge Harvard and other world renowned universities Edward de Bono was the originator of the concept of lateral thinking and in this book he explains this method that can benefit problem solvers in any field This could be a very useful book for teachers and non teachers alike Dr DeBono does not claim to be able to turn us all into Miltons DaVincis and Einsteins but his techniques provide an alternative to just sitting around waiting for the Muse to appear The Muse never appears to most of us hence the value of this book *Times Educational Supplement* [Teach Yourself to Think](#) Edward de Bono, 2015-11-26 THE classic work of intelligent self empowerment from the world renowned writer and philosopher Edward de Bono Our happiness and success depend on clear thinking But too many of us are compromised by confusion trying to do too much at once and not knowing what to do next In *Teach Yourself to Think* Edward de Bono shows that good thinking depends on a simple five stage process that anyone can learn It will enable you to assess your goals sort available information identify the available choices make a decision and finally turn thought into action This book offers brilliant advice for anyone who needs to be able to respond to and deal with a

vast range of situations at work and in life quickly efficiently and intelligently *New Think* Edward de Bono,1968-01-21

**The Use of Lateral Thinking** Edward De Bono,1967 **Serious Creativity** Edward De Bono,1993 The inventor of the process of lateral thinking offers a guide to enhancing creativity Think! Edward de Bono,2009-07-28 The world is full of problems and conflicts So why can we not solve them According to Edward de Bono world thinking cannot solve world problems because world thinking is itself the problem And this is getting worse we are so accustomed to readily available information online that we search immediately for the answers rather than thinking about them Our minds function like trying to drive a car using only one wheel There s nothing wrong with that one wheel conventional thinking but we could all get a lot further if we used all four De Bono examines why we think the way we do from a historical perspective and uses some of his famous thinking techniques such as lateral thinking combined with new ideas to show us how to change the way we think If we strengthen our ability and raise our thinking level other areas of our life both personal and business success will improve De Bono is the master of the original big concept book and his enticement to us to use our minds as constructively as possible should appeal to a whole new generation of fans Six Thinking Hats Edward De Bono,1990 The internationally bestselling guide to better thinking used by tens of thousands of people fully revised and updated *How To Have A Beautiful Mind* Edward de Bono,2010-01-26 People spend a fortune on their bodies their faces their hair their clothes Cosmetics plastic surgery diets gym membership everyone s trying to be more attractive But there s an easier way to become a beautiful person It doesn t have to be physical No matter how you look if you have a mind that s fascinating creative exciting if you re a good thinker you can be beautiful And being attractive doesn t necessarily come from being intelligent or highly educated It isn t about having a great personality It s about using your imagination and expanding your creativity And it s when talking with people that we make the greatest impact A person may be physically beautiful but when speaking to others a dull or ugly or uncreative mind will definitely turn them off In clear practical language de Bono shows how by applying lateral and parallel thinking skills to your conversation you can improve your mind By learning how to listen make a point and manoeuvre a discussion you can become creative and more appealing more beautiful De Bono's Thinking Course Edward De Bono,1982 *Lateral Thinking* Edward de Bono,2014-08-07 Why do some people always seem to have new ideas while others of equal intelligence never do Lateral Thinking is Edward de Bono s original portrayal of what lateral thinking is how it works and how to use it to develop your own potential for thinking and problem solving First published in 1967 as *The Use of Lateral Thinking* this classic international bestseller remains as relevant to learning problem solving and creative thinking today as when it was first published De Bono argues that conventional vertical thinking often inhibits our ability to solve problems and come up with new ideas He then shows that lateral thinking is a far easier and more natural way to generate simple sound and effective ideas and offers guidance on how to develop your own ability to think laterally Lateral thinking is a technique that anyone can learn and benefit from **Simplicity** Edward De Bono,1999 Have you ever

given up trying to programme your video recorder or use a feature on your computer because the instructions are so complicated Or wondered why it is so difficult to fill in a tax form Modern life can be unnecessarily frustrating Needless systems processes legislation and red tape only serve to increase our anxiety Here Edward de Bono the originator of lateral thinking shows us how we can bring a little simplicity into our complex lives The challenge of achieving simplicity requires a lot of creative techniques including historical review which asks whether something we traditionally take for granted is still necessary shedding where we eliminate what cannot be justified bulk and exceptions which deals separately with majority and extreme cases and reframing which can make us realise we are seeking solutions to a non problem Edward de Bono concludes his thought provoking study with ten key rules for simplicity and ground breaking plans for an Institute of Simplicity and National Simplicity Campaign [How to be More Interesting](#) Edward De Bono,1998-08-06 People spend vast amounts of money time and trouble to achieve and maintain beauty and yet despite its undisputed importance few of us devote similar efforts to be interesting However as Edward de Bono demonstrates in his new book anyone can acquire this crucial life enhancing skill [I Am Right You Are Wrong](#) Edward De Bono,1991-04-02 I Am Right You Are Wrong is THE classic work about choice in business and in life from world renowned writer and philosopher Edward de Bono Most of our everyday decision making tends to be confrontational Whether in large meetings one to one or even in our own heads opposite view points are pitted against each other Ultimately there must be a winner and a loser In I Am Right You Are Wrong lateral thinking guru Edward de Bono challenges this rock logic of rigid categories and point scoring arguments which is both destructive and exhausting Instead he reveals how we can all be winners Clearer perception is the key to constructive thinking and more open minded creativity In overturning conventional wisdom Edward de Bono will help you to become a better thinker and decision maker An inspiring man with brilliant ideas De Bono never ceases to amaze with his clarity of thought Sir Richard Branson Edward de Bono invented the concept of lateral thinking A world renowned writer and philosopher he is the leading authority in the field of creative thinking and the direct teaching of thinking as a skill Dr de Bono has written more than 60 books in 40 languages with people now teaching his methods worldwide He has chaired a special summit of Nobel Prize laureates and been hailed as one of the 250 people who have contributed most to mankind Dr de Bono s titles include classic bestsellers such as Six Thinking Hats Lateral Thinking I Am Right You Are Wrong Teach Yourself How To Think Teach Your Child How To Think and Simplicity [www.edwdebono.com](http://www.edwdebono.com) **50 Psychology Classics** Tom Butler-Bowdon,2010-12-07 Explore the key wisdom and figures of psychology s development over 50 books hundreds of ideas and a century of time **New Thinking for the New Millennium** Edward De Bono,1999 The last 1 000 years have not been a great success we have he says been far too wrapped up in thinking What is instead of What can be *Free or Unfree?* Edward De Bono,2007-08-01 Edward De Bono believes in freedom but he poses the question If you cannot see clearly are you making a free choice That question is at the heart of his new book De Bono has devoted his life and career to

getting his readers business leaders educators and politicians among others to understand that clarity of thinking is essential to a free society It is not enough to simply be free from coercion De Bono argues that there is no true freedom without the ability to see correctly the options we have And to see these options requires thinking thinking of a kind that De Bono says is not the norm and which urgently needs to be emphasized and taught The best short introduction to his work Free or Unfree uses anecdote to convey his ideas and provides numerous examples that illustrate his thesis to be free means to understand the choices we make and this understanding can only come through improving the way we think **I Am Right, You are Wrong** Edward De Bono,1991 In this trailblazing book Edward de Bono shows why our most crucial problems cannot be solved by traditional Western thought with its rigid insistence on facts Genuinely revolutionary a synthesis of neuroscience psychology and philosophy this work is bound to change the way we think Summary: Serious Creativity BusinessNews Publishing,2014-10-14 The must read summary of Edward de Bono s book Serious Creativity Using the Power of Lateral Thinking to Create New Ideas This complete summary of the ideas from Edward de Bono s book Serious Creativity shows that creative thinking is vital for business success and that creativity is something you can learn In his book the author presents a rational and logical approach to creative thinking and introduces 12 tools and techniques that you can use By learning and applying the principles you will be able to develop the lateral thinking skills needed for innovative reasoning and ensure success Added value of this summary Save time Understand the key principles Expand your business knowledge To learn more read Serious Creativity Using the Power of Lateral Thinking to Create New Ideas to find out how you can develop your creativity and take your business to the next level **Breaking Out of the Box** Piers Dudgeon,2001
