[The NFL's Official Encyclopedic History of Professional Football](#) National Football League Properties, inc. Creative Services Division,1977 *The Road to Multiculturalism in South Korea* Timothy Lim,2020-12-13 This book aims to capture the complicated development of Korea from monoethnic to multicultural society challenging the narrative of ethnonational continuity in Korea through a discursive institutional approach At a time when immigration is changing the face of South Korea and an increasingly diverse society becomes empirical fact this doesn't necessarily mean that multiculturalism has been embraced as a normative policy based response to that fact The approach here diverges from existing academic analyses which tend to conclude that core institutions defining Korea's immigration and nationality regimes and which crucially also reflect a basic and hitherto unyielding commitment to racial and ethnic homogeneity will remain largely unaffected by increasing diversity Here this title underscores the critical importance of discursive agency as a necessary corrective to still dominant power and interestbased arguments In addition discursive agents are found to play a central role in communicating promoting and helping to instill the ideas that create a basis for change on the road to remaking Korean society The Road to Multiculturalism in South Korea will be of interest to students and scholars of Asian studies immigration and migration studies race and ethnic studies as well as comparative politics broadly
