Reddit Pro Update:

Modes of Esports Engagement in Overwatch Maria Ruotsalainen, Maria Törhönen, Veli-Matti Karhulahti, 2022-03-09 This Open Access book provides a comprehensive review of the rapidly developing esports phenomenon by examining one of its contemporary flagship titles Overwatch Blizzard Entertainment 2016 through three central themes and from a rich variety of research methods and perspectives As a game with more than 40 million individual players an annual international World Cup and a franchised professional league with teams from Canada China Europe South Korea and the US Overwatch provides a multifaceted perspective to the cultural social and economic topics associated with the development of esports which has begun to attract attention from both commercial and academic audiences The book starts with an introduction chapter to Overwatch and esports engagement in general co authored by the editors This is followed by 15 unique chapters from scholars within the field of game cultures and esports representing ten different nationalities The contributions construct thematic sections that divide the book into three parts Players Diverse Audiences and Fan Fiction Work As such the parts provide a wide ranging overview of esports engagement thus disclosing the phenomenon's cross cultural transmedial and interconnected relations that have not been probed earlier in a single anthology

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

Advances in Intelligent Data Analysis XIX Pedro Henriques Abreu, Pedro Pereira Rodrigues, Alberto Fernández, João Gama, 2021-04-12 This book constitutes the proceedings of the 19th International Symposium on Intelligent Data Analysis IDA 2021 which was planned to take place in Porto Portugal Due to the COVID 19 pandemic the conference was held online during April 26 28 2021 The 35 papers included in this book were carefully reviewed and selected from 113 submissions The papers were organized in topical sections named modeling

with neural networks modeling with statistical learning modeling language and graphs and modeling special data formats
