Podcast Journalism David Dowling, 2024-03-19 Runner up 2025 Tankard Book Award Association for Education in Journalism and Mass Communication Podcasting's stratospheric rise has inspired a new breed of audio reporting Offering immersive storytelling for a binge listening audience as well as reaching previously underserved communities podcasts have become journalism's most rapidly growing digital genre buoying a beleaguered news industry Yet many concerns have been raised about this new medium such as the potential for disinformation the influence of sponsors on content the dominance of a few publishers and platforms and at times questionable adherence to journalistic principles David O Dowling critically examines how podcasting and its evolving conventions are transforming reporting and even reshaping journalism's core functions and identity He considers podcast reporting's most influential achievements as well as its most consequential ethical and journalistic shortcomings emphasizing the reciprocal influences between podcasting and traditional and digital journalism Podcasting both as a medium and a business has benefited from the blurring of boundaries separating news from entertainment editorial from advertising and neutrality from subjectivity The same qualities and forces that have allowed podcasting to bypass the limitations of traditional categories expand the space of social and political discourse and provide openings for marginalized voices have also permitted corporations to extend their reach and far right firebrands to increase their influence Equally attentive to the medium's strengths and flaws this is a vital book for all readers interested in how podcasting has changed journalism

Literary Research and British Postmodernism Bridgit McCafferty, Arianne Hartsell-Gundy, 2015-09-02 Literary Research and British Postmodernism is a guide for scholars that aims to connect the complex relationships between print and multimedia technological advancements and the influence of critical theory that converge in postwar British literature This era is unique in that strict boundaries between fiction nonfiction multimedia and print are not useful Postmodern literature is defined by the breaking down of boundaries as a reaction to modernism and requires an innovative multifaceted approach to research In this guide the authors explore these complex relationships and offer strategies for researching this new period of literature This book takes a holistic approach to postmodern literature that recognizes the way in which digital media film critical theory popular music and more traditional print sources are inextricably linked Through this approach the authors present a broad view of postmodernism that includes a wide variety of British authors writing in the last half of the twentieth century The book's definition of postmodern includes any British literature following World War II that engages issues central to postmodern theory including the social construction of gender sexuality and power the subjectivity of truth technology as a social force intertextuality metafiction post colonial narrative and fantasy This guide aims to aid researchers of postwar British literature by defining best practices for scholars conducting research in a period so broadly varied in the way it defines literature

Music Business Careers Cheryl Carr,2019-03-13 The music industry offers the opportunity to pursue a career as either a creative artist producer songwriter etc or as a music business logician artist manager agent entertainment attorney venue manager etc Though both vocational paths are integral to the industry s success the work of calling songs into existence or entertaining an audience differs from the administrative aspects of the business such as operating an entertainment company And while the daily activities of creatives may differ from those of the music business logician the music industry careerist may sense a call to Career Duality to work on both sides of the industry as a Career Dualist a concept this book introduces defines and explores in the context of

the music industry This new volume speaks to the dilemma experienced by those struggling with career decisions involving whether to work in the industry using their analytical abilities or to work as a creative or to do both The potential financial challenges encountered in working in the industry as an emerging artist may necessitate maintaining a second and simultaneous occupation possibly outside the industry that offers economic survival However this is not Career Duality Likewise attending to the business affairs that impact all creatives is not Career Duality Rather Career Duality involves the deliberate pursuit of a dual career as both a music industry creative and music business logician which is stimulated by the drive to express dual proclivities that are simultaneously artistic and analytical By offering a Career Duality model and other constructs examining research on careers calling authenticity and related concepts and providing profiles of music industry dualists this book takes readers on a journey of self exploration and offers insights and recommendations for charting an authentic career path This is a practical examination for not only music industry professionals and the entertainment industry but for individuals interested in expressing both the analytical and artistic self in the context of career

Revolutionizing Motherlines Andrea O'Reilly,Victoria Bailey,Fiona Joy Green,2025-12-29 Revolutionizing Motherlines reflects upon and troubles current and historical understandings of Naomi Ruth Lowinsky s concept of the motherline that connects mothers to their female ancestors Complicated histories of erasure and threads of hope are tied together with intellectually engaging and emotionally resonant dialogues about maternal lineage to illuminate previously silenced motherlines of diverse abilities ethnicities genders sexualities mothering identities family forms and parenting practices The introduction of the concept of mothervine an adaptation of Lowinsky s motherline creates a powerful image of winding vines and roots with pruned ends and overgrowths that inform how matricentric feminist scholars can deconstruct patriarchal concepts By using innovative feminist images and language to define and express experiences of mothering it revises the past and intervenes in ongoing debates about how to de centre cisnormative models of lineage Revolutionizing Motherlines creates a richness of meaning for those engaged in motherwork and offers new insights into methodology theory building and praxis of maternal scholarship
