decentralized consensus ledger and applied cryptography Provides the only advanced methodical summary of these subjects available today **Michigan Law Review** ,2019 Fundamentals of Corporate Finance Stephen A. Ross,Bradford D. Jordan,Randolph Westerfield,Gordon Sam Roberts,J. Ari Pandes,Thomas A. Holloway,2021 When the three of us decided to write a book we were united by one strongly held principle Corporate finance should be developed in terms of a few integrated powerful ideas We believed that the subject was all too often presented as a collection of loosely related topics unified primarily by virtue of being bound together in one book and we thought there must be a better way One thing we knew for certain was that we didn't want to write a me too book So with a lot of help we took a hard look at what was truly important and useful In doing so we were led to eliminate topics of dubious relevance downplay purely theoretical issues and minimize the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of limited practical use *Occupational Outlook Quarterly* ,1986 The Best Service is No Service Bill Price,David Jaffé,2011-09-14 In this groundbreaking book Bill Price and David Jaffe offer a new game changing approach showing how managers are taking the wrong path and are using the wrong metrics to measure customer service Customer service they assert is only needed when a company does something wrong eliminating the need for service is the best way to satisfy customers To be successful companies need to treat service as a data point of dysfunction and figure what they need to do to eliminate the demand The Best Service Is No Service outlines these seven principles to deliver the best service that ultimately leads to no service Eliminate dumb contacts Create engaging self service Be proactive Make it easy to contact your company Own the actions across the company Listen and act Deliver great service experiences **Waiting For Service** Amas Tenumah,2021 You hate waiting in line or on the phone for customer service There have been plenty of books about customer service that all seem to offer secrets to improve customer service This is not that book I instead want to focus on Why customer Service is so broken and give you the secrets to get around it Customer service is bad by design Your bad customer service is not random it is intentional Customer Service is universally terrible this is not an opinion You do not have to believe me I am saying it is raining outside and you can simply look out the window I spent two decades helping dozens of your favorite brands with customer service You will laugh get mad all over again at some of the conversations I have had with executives around customer service I name names expose Customer Service nightmares from Travel to Cable Walmart fast food and so much I also provide you with how to get around bad service and offer radical thinking to reset customer service Amas Tenumah The E-customer Care Pocketbook Michael Applegarth,Adrian Guttridge,Keith Posner,2001 By the year 2003 it is predicted that over 50% of business interactions will be via the Internet Internet transactions offer customers convenience but remote trading has its price customers feel much less loyalty to individual companies and the loss of face to face contact can result in poor or non-existent customer service The E Customer Care Pocketbook addresses these issues and look and how to retain customer loyalty and offer good service in the digital age
