Dear Ms. Markowski,

As a student teacher at Amherst High School, I delivered first-year language arts courses to four classes of 30+ high school students. I also developed engaging lesson plans to aid students in developing critical analysis skills and acquiring a broader understanding of literary themes and historical significance. I believe that my ability to improve student engagement will allow me to thrive in the high school teacher position with your school.

Falmouth Highschool has a reputation for providing high-quality English courses that challenge and engage student minds, which strongly aligns with my background as an educator. I believe that I can continue to help improve English education at your high school based on the following achievements from my career:

- Taught courses covering *Animal Farm*, *Brave New World*, and *Hamlet*, and planned small group activities to facilitate student engagement with subject material
- Conduct lesson planning, perform curriculum development, and coordinate with fellow educators to drive student-centered learning across the learning institution
- Build relationships with students to facilitate academic growth and prepare students for AP courses and college education

I hope to schedule an interview with you to further discuss how my experience as an English teacher can be an asset to your institution. Feel free to contact me via phone or email at your earliest convenience with any questions you may have. I appreciate your time and consideration.

Sincerely,

[From Social Media to Social Ministry](#) Nona Jones, 2020-06-23 This book outlines digital discipleship principles for building an online community and provides practical instruction for how to do it no matter how big or small a local church may be. There are more than 2.3 billion professing Christians in the world and more and more new churches launching globally yet statistics show that in person church attendance is declining or plateauing in every nation. Although social technology has been around for more than two decades church leaders have long bristled at the idea of church online ranking it as the last concern on their minds. In Barna's 2020 state of the church report published February 3 2020. And then three weeks later COVID 19 closed the doors of every church on earth and suddenly forced them entirely online. Nona Jones a globally acclaimed thought leader on leveraging technology for ministry had been leading a movement and sounding the alarm for several years to make digital discipleship a central part of every church's ministry approach. In *From Social Media to Social Ministry* she outlines her digital discipleship principles and provides practical instruction for how to do it no matter how big or small a local church may be. There are plenty of books to help churches build a social media strategy but this is the first book of its kind that goes beyond digital marketing to digital ministry. Readers will leave this book with Clarity on what discipleship truly is. The data that underscores the urgency for digital discipleship. Understanding of the resources required to do it well. A step by step guide on how to implement digital discipleship into ministry plans. Knowledge of the differences among and purposes of the most popular social platforms as well as the tools best positioned for digital ministry.
