The genre's broad appeal allows youngsters to enjoy fantastic premises and far-out stories while offering adults a sublime way to view the human experience in a dramatic perspective. From *Alien Nation* to *World of Giants*, this reference work provides comprehensive episode guides and cast and production credits for 62 science fiction series that were aired from 1959 through 1989. For each episode, a brief synopsis is given along with the writer and director of the show and the guest cast. Using extensive research and interviews with writers, directors, actors, stuntmen, and many of the show's creators, an essay about each of the shows is also provided, covering such issues as its genesis and its network and syndication histories. [Science Fiction Magazine Story Index, 1926-1995](#) Terry A. Murray, 1999 Since the appearance of the first science fiction magazine in 1926, thousands of short stories have been published in periodicals devoted to the genre. These stories cover a wide range of subjects, from spacecraft to the human condition, and feature little-known authors as well as masters like Ellison and Asimov. In the past, finding which issue of what magazine ran a certain story was nearly impossible. This much-needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines, providing exhaustive indexes to magazines, authors, and titles, allowing a variety of options for research on 34,000 stories appearing in nearly 5,000 issues of 133 genre magazines. Stories from all major American publications as well as from several minor periodicals are indexed. Also included is an appendix of the best-known and most
