Arms of Little Value George L. Lamborn, 2012 In a dangerous era a former soldier and CIA officer proposes smarter ways to keep the US safe from the effects of insurgencies around the world What we've been seeing in Tunisia Egypt Libya Bahrain Yemen and elsewhere in recent years is merely the beginning We are entering an extremely dangerous period in our history The author with over a quarter century of intelligence experience has been a student an observer and sometimes a participant in various insurgencies since his initiation in Vietnam in 1969 This book offers an understanding of the true nature of insurgency and a glimpse at the reasons why we have not always dealt with it effectively Drawing from his service in various Third World nations as well as several successor republics of the former Soviet Union G L Lamborn provides a crucial understanding of what ignites and sustains these movements and what can prevent them from spreading and spiraling out of control Through case studies and analysis Lamborn a former Army and Central Intelligence Agency officer seeks to explicate the importance of political action to insurgencies and explain how military power is successful only to the extent it delegitimizes an insurgency If readers accept the premise of honest critical evaluation of military power's limits there is much to be gained from *Arms of Little Value* Military Review

Strategies for Building Multicultural Competence in Mental Health and Educational Settings Madonna G. Constantine, Derald Wing Sue, 2005 A must read book for all mental health professionals wanting to keep up with today's most important clients practical concrete hands on details from firsthand experts on ethnic populations Richard Suinn PhD Colorado State University Past president 1999 American Psychological Association The rich mosaic of racial and ethnic diversity defines our society now more than ever For students and professional psychologists this translates into a critical need to address a range of cultural diversity issues as well as potential biases Recently the American Psychological Association APA recognized the importance of cultural competence for psychologists through its adoption of its Multicultural Guidelines Applying those guidelines to real world practice is both complex and challenging Only one text brings it all into sharp focus *Strategies for Building Multicultural Competence in Mental Health and Educational Settings* Edited and written by renowned multicultural experts this informative guide is full of concrete strategies and case examples all geared toward achieving the goal of culturally competent practice Chapter by chapter it uses a variety of practice modalities in various settings to help all mental health

professionals increase their familiarity and compliance with the APA Multicultural Guidelines Beginning with a useful summary of the APA guidelines Strategies for Building Multicultural Competence in Mental Health and Educational Settings covers the guidelines relevance to Individual and group counseling Couples and family counseling Career counseling with people of color Independent practice settings Multicultural consultations and organizational change Academic mental health training settings Clinical and hospital settings College counseling center settings Elementary and secondary school settings This timely reference also considers building multicultural competence around indigenous healing practices in clinical supervision contexts and in culturally sensitive research Taken together the book is a much needed blueprint for making culturally informed decisions explaining how the multicultural initiatives you implement today can help shape the field's future *Teaching Racial, Ethnic, and Cultural Diversity in Social Work* Carrie Jefferson Smith, 2000 **Affirmative Development** Edmund W. Gordon, Beatrice L. Bridglall, 2007 According to Edmund W Gordon and Beatrice L Bridglall the ability to learn is more of a developed human capacity than a fixed aptitude with which one is born They argue that the emergence of academic ability is associated with exposure to specialized cultures that privilege the attitudes knowledge and skills that schools reward Children who are born and raised in these cultures tend to do well in school while those who are not exposed to such cultures tend to seldom rise to high levels of academic achievement Through a collection of interesting essays Affirmative Development Cultivating Academic Ability attempts to address how we can deliberately develop academic ability in those children who are not raised under conditions that predispose them to develop high levels of scholastic achievement Book jacket *Psychopathology* Susan Walker Gray, Marilyn R. Zide, 2006 Features information outlining the competency based model for psychopathology including cases illustrating the model in action Presents strategies for building on client's strengths and resilience **Family-centered Nursing Care of Children** Roxie L. Romness Foster, Mabel Hunsberger, Jo Joyce Tackett-Anderson, 1989
