new net worth tax on the wealthiest 1 percent The plan intends to improve economic equity and preserve political democracy by reducing the income wealth disparity which exists today The plan extends Medicare to all eliminates payroll taxes and funds entitlements out of the general fund State and municipal costs are significantly reduced by absorbing Medicaid patients into Medicare thus freeing up capital for necessary infrastructure repair and the expansion of education funding for preschool through college Working and middle class families will see their first real increase in disposable income in almost thirty years through the elimination of the payroll taxes the reduction in the personal cost of health care and the increase in the minimum wage The full employment program and the increase in disposable income for so many will serve to stimulate the economy bring about business expansion and increase employment The cost of doing business in America will be reduced by eliminating company contributions to the payroll tax ending the need for company paid health insurance and a reduction in the corporate tax rate These savings will motivate bringing jobs home from overseas and increase the profit margins for American companies providing capital for research and development modernization and expansion
