As the traditional face-to-face dynamics of B2B sales stand challenged, academic minds seek answers: Are these changes enduring, or will we revert to the familiar norms of in-person interactions? **A Critical Examination of the Recent Evolution of B2B Sales** is a groundbreaking exploration designed for academic scholars seeking clarity in these uncertain times. In the pursuit for understanding, scholars encounter a myriad of questions: What truly transpired in sales activities during the pandemic? Critical thinking becomes paramount, necessitating a deep dive into published ideas to discern the strength of conclusions drawn. The academic community grapples with the challenge of scrutinizing the landscape to determine if the changes are indeed permanent and, if so, how B2B sales forces can effectively adapt.
