You already know that Facebook has a huge audience. A whopping 2.4 billion people use it each month. But maybe you did not know how frequently people are using Facebook to interact with businesses of all sizes. For example, two-thirds of Facebook users state they visit a local business Facebook Page at least once every week. Prospective customers are already looking for businesses like yours on Facebook. A clear, focused Facebook marketing strategy is the only method to tap into this existing audience. As Facebook sets it, your Business Page is a cornerstone of your online identity. Listed below are our best Facebook marketing hints for the year ahead. Facebook is an incredibly powerful marketing tool. You've no doubt heard this already. Whether you're new to Facebook for business or want to add something new to your current Facebook marketing plan, you've come to the right place. This guide is intended to assist marketers of all experience levels from beginner through to advanced. This applies to pages as well as posts. But we will discuss that a little later in the piece. What Facebook's algorithm does not enjoy is fairly clear as well: Spam, click-baiting, like-baiting, repetitive posts, text-only upgrades, unusual engagement patterns, and content that is too promotional.
