From the pioneers of the management strategy that's transforming businesses worldwide, *Making Work Human* shows how to implement a culture of performance and gratitude in the workplace and seize a competitive edge, increase profitability and drive business momentum. Leaders of Workhuman, the world's fastest growing social recognition and continuous performance management platform, Eric Mosley and Derek Irvine use game-changing data analytics to prove that when a workplace becomes more human, when it's fueled by a culture of gratitude, measurable business results follow. In *Making Work Human*, they show you how to apply analytics and artificial intelligence in ways that make work more human, not less. The authors write, "By building a sense of belonging, purpose, meaning, happiness and energy in every employee, you'll create a profound connection between your organization and its goals."
