Applied Regression Analysis Purdue University:

Applied Regression Analysis for Business and Economics Terry E. Dielman, 2001 The emphasis in Dielman's book is on understanding the assumptions of the regression model knowing how to validate a selected model for these assumptions knowing when and how regression might be useful in a business setting and understanding and interpreting output from statistical packages and spreadsheets The data sets have been updated and additional problems and examples based on real data have been added Some of these are from true business settings while other data are from journals and other popular publications The former Chapter 5 has now been split into two chapters New Chapter 5 discusses fitting curves with regression and Chapter 6 discusses the implications of violations of assumptions of the regression model and possible corrections to violations Minitab and Excel as well as SAS procedures used to perform analyses are presented in a Using a Computer section at the end of each chapter

Masters Theses in the Pure and Applied Sciences W. H. Shafer, 2012-12-06 Masters Theses in the Pure and Applied Sciences was first conceived published and disseminated by the Center for Information and Numerical Data Analysis and Synthesis CINDAS at Purdue University in 1957 starting its coverage of theses with the academic year 1955 Beginning with Volume 13 the printing and dissemination phases of the activity were transferred to University Microfilms Xerox of Ann Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community After five years of this joint undertaking we had concluded that it was in the interest of all concerned if the printing and distribution of the volume were handled by an international publishing house to assure improved service and broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been disseminated on a worldwide basis by Plenum Publishing Corporation of New York and in the same year the coverage was broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 22 thesis year 1977 a total of 10 658 theses titles from 28 Canadian and 227 United States universities We are sure that this broader base for theses titles reported will greatly enhance the value of this important annual reference work While Volume 22 reports theses submitted in 1977 on occasion certain universities do report theses submitted in previous years but not reported at the time
