103. a) Understanding and using the
b) How long the life of the company being bought depends on the size
c) Understanding the relationship between financial statements and the company's performance
104. Since both stocks are trading regularly, the relationship between the two companies' stock prices and their performance is likely to be positive. However, the passage does not provide enough information to determine the exact nature of the relationship. The passage only states that the two companies' stock prices are positively correlated. This means that when one company's stock price goes up, the other company's stock price also tends to go up. However, it does not specify the strength or direction of the relationship. Therefore, the correct answer is that the relationship is likely to be positive, but the exact nature of the relationship is not clear.

Cladistics David M. Williams, Malte C. Ebach, 2020-08-06 This new edition of a foundational text presents a contemporary review of cladistics as applied to biological classification. It provides a comprehensive account of the past fifty years of discussion on the relationship between classification, phylogeny, and evolution. It covers cladistics in the era of molecular data, detailing new advances and ideas that have emerged over the last twenty-five years. Written in an accessible style by internationally renowned authors in the field, readers are straightforwardly guided through fundamental principles and terminology. Simple worked examples and easy-to-understand diagrams also help readers navigate complex problems that have perplexed scientists for centuries. This practical guide is an essential addition for advanced undergraduates, postgraduates, and researchers in taxonomy, systematics, comparative biology, evolutionary biology, and molecular biology.
