Dear Hiring Manager,

I've been a fan of ACME's products for years, so when I saw an opening on your team, I knew I had to apply.

I'm a Graphic Designer with 5 years of experience in the Healthcare space. I've worked across both print and digital, but my strength is in designing clean, conversion-focused visuals that help teams tell their story clearly.

I've always been drawn to roles where I get to create branding material. I used it most while working on content creation at Med Inc., where I handled flyers and sales sheets. This meant staying on top of deadlines and brand guidelines. It taught me how to create and understand brand designs.

I also have a lot of experience working with Adobe Suite. That's something I used in my day-to-day work with the Marketing department in handling social media content. It came in handy when we needed to balance tight deadlines with leadership expectations. It showed me how important communication is when doing this type of work.

That's why I'm excited about this role, it feels like a natural next step where I can bring my strengths in branding to a team that values teamwork and communication.

Thank you for reviewing my application. If this sounds like the kind of experience your team is looking for, I'd love to schedule a time to connect and explore how I can contribute.
