

PRACTICE ACT READING TEST — 35 MINUTES

PROSE FICTION: *Three Laws*

5           It's easy to imagine Mercer, but trickier to  
remember it. In my mind I reassemble the city from a  
stock of memories that grow a little more ghostly each  
time I summon them. The morning always appears  
10 first—the liquid shine of fresh-washed sheet glass, two  
veterans in Roosevelt Park asleep beneath the shadow  
of a bronzed anchor; stray dogs swallowing bits of soft  
pretzel scavenged from behind the fair grounds—these  
scenes I return to often, and they've become like old,  
15 handspun lace—intricate, diaphanous and fragile. I  
sometimes wonder, when at last that lone thread of true  
memory wears through, whether or not the whole  
reverie, like lace, will unravel.

20           Of course it's possible to approach Mercer from  
without; to finger it on the globe, or trace the  
serpentine belly of Highway 51 across the pages of a  
road atlas, right through the hills of Pennsylvania into  
town. But that's not the town that I remember. My  
25 memories begin in the center and radiate outward like a  
ripple, dying off as they collide with the hilltops that  
surround the valley.

30           The poet James Wright once wrote that no one  
would choose to die in Mercer. He might be right. But  
the people who inhabit Mercer when I remember it  
don't die. They don't have the energy to die. They say  
that, in the universe, energy can't be created or  
25 destroyed, but transferred, transformed—that's  
something I learned after I left for school. And all the  
energy must have left Mercer a long time before I did. I  
can imagine the last clay-red train sputtering out of  
Rodney Station—cargo load just half-full of ore—  
30 leaving Mercer and the ground beneath it hollow.

35           I suppose that's the trouble with a mining town. It  
thrives on the land like an unwary parasite, marveling  
at its own good fortune. But when the host gives out,  
it's hopeless. With every shard of anthracite picked  
clean from the river bed, I can see the kids who live  
outside of town, staggering home along the banks,  
40 galvanized buckets dangling empty from their hands.  
Maybe that's what bothered James Wright—not  
wanting to die on dead land. But when I remember  
Mercer, the people there live on arrested, unable to  
grow or die, and a few mad miners persist, still  
45 hollowing out the mountains from a mile underground.

50           Sometimes I try to imagine how the town has  
changed—which store windows on Market Street are  
empty, boarded up, or shattered, and whether the train  
yard is overgrown now in either rust or wildflowers.  
Left alone, the universe tends toward maximum chaos.  
That's another thing I learned at school. If that's true,

then I guess Mercer must have fallen apart entirely, and  
suddenly I see the valley sinking, as the mountains  
stretch out and fold in overtop, like kneaded dough,  
burying the town, breaking it, and redistributing the  
55 pieces throughout the soil. Other times it seems more  
likely it's just my memories of Mercer that are being  
swallowed up. I guess eventually there will be two  
Mercers—the one I left in Pennsylvania, and the one  
that I return to, built up and founded entirely in my  
60 mind.

65           But tonight, at least, I'm remembering the Ferris  
wheel on the fair grounds, its girders lit by ten dozen  
lemon-yellow incandescent bulbs, writing huge,  
desolate zeroes in the late August night. Light in  
motion I remember clearly. I can see the white-hot  
glow of furnaces through a glass factory window; the  
70 probing gleam of headlights sliding across the ceiling  
as a car turns down my old street. There's an old trick  
used to prove that light travels as a wave—close up,  
light shining through a keyhole will just take the shape  
of a keyhole, but if the beam travels a greater distance,  
it refracts, and reveals the gaps and fissures of darkness  
75 hidden within. The lights of Mercer reach me in the  
far-field; blurred and fractured by the long journey  
they've taken. Like starlight, I can't even be sure the  
source is still extant. But if light is a wave lapping  
against us; an ocean oscillating through illumination  
and shadow, then time is the tide, and it pulls a sea of  
80 light onto the shore, engulfing and flooding it. Then  
light recedes, taking with it what was left too near  
waves, and leaves the rest, at last, in darkness.

1. Which of the following can we infer describes the narrator?

- A. A traveler on a visit to the town of Mercer
- B. A former resident of Mercer recollecting the town
- C. A current towns person residing in Mercer
- D. A poet who says people won't choose to die in Mercer

2. What attribute of the lace does NOT make it a fitting metaphor for the ideas being expressed in paragraph 1 (lines 1-13)?

- F. its frailty
- G. its complexity
- H. its color
- J. its thickness

# Act Practice Last 90 Days
