**The Sellout** Charles Gasparino, 2010-10-19 The ongoing tumult in financial markets and the global economy began when  
some of our most esteemed financial institutions our government and even average citizens abdicated their collective  
responsibilities eventually selling out investors and selling off the American Dream itself From critically acclaimed  
investigative journalist and CNBC personality Charles Gasparino comes a sweeping examination of the most volatile anxiety  
ridden era in our nation's socioeconomic history The winner of the 2009 Investigative Reporters and Editors Award for Books  
The Sellout traces the recent implosion of the financial services business back to its roots in the late 1970s when Wall Street  
embraced a new business model predicated on enormous risk Gasparino reveals a startling trail of culpability from the  
government bureaucrats who crafted housing policies to the Wall Street firms that underwrote and invested in risky debt to  
the mortgage sellers who indiscriminately handed out loans and finally to the homeowners who thought they could afford  
mansions on blue collar wages **Bombay Market**, 1962-12 *Hoard's Dairyman*, 1904 **The New York Times Book**
