From the pioneers of the management strategy that's transforming businesses worldwide, *Making Work Human* shows how to implement a culture of performance and gratitude in the workplace and seize a competitive edge, increase profitability and drive business momentum. Leaders of Workhuman, the world's fastest growing social recognition and continuous performance management platform, Eric Mosley and Derek Irvine use game-changing data analytics to prove that when a workplace becomes more human, when it's fueled by a culture of gratitude, measurable business results follow. Use recognition as an actionable strategy to create a truly inclusive, connected culture. The qualities that make us most human—connection, community, positivity, belonging and a sense of meaning—have become the corporate fuel for getting things done, for innovating, for thriving in the global marketplace and for outperforming the competition. The authors write, "By building a sense of belonging, purpose, meaning, happiness and energy in every employee, you'll create a profound connection between your organization and its goals." And *Making Work Human* provides everything you need to get there.
