Leadership Education, 1996 **Case and Comment**, 1919 **CIVIL PROCEDURE: CASES AND MATERIALS THIRD EDITION** JOHN J. COUND, 1980 **American Law Review**, 1880 [A Casebook for School Leaders](#) Karen L. Hanson, 2009 For those pursuing a career in educational administration, the third edition of this text offers a unique opportunity to engage in case analysis. Introducing 44 cases that represent real-life situations in today's schools, readers are provided with a case analysis framework to use as a tool for analyzing the cases and resolving problems presented in each case. New to this Edition: Developing Your Leadership Expertise activities provide readers with the opportunity to practice applying chapter content to the Interstate School Leaders Licensure Consortium (ISLLC) standards. Five new cases have been added, addressing issues such as separation of church and state, personal leadership development, No Child Left Behind, fundraising, and leadership attributes. Questions to Research and Consider have been revised to scaffold readers' learning, including higher-order thinking questions and inquiry-based activities. Hallmark features: ISLLC Matrix. Located on the inside front cover, this matrix correlates the subject matter in the cases with the Interstate School Leaders Licensure Consortium (ISLLC) model standards. Case Analysis Framework. This framework applied to each case provides a tool for readers to systematically process the case information, categorize the data, summarize the material, and locate a root cause. Suggested Reading List. Find located at the back, additional references for research and information that apply to each case topic. Hanson is incredibly creative and brings additional breadth and depth to my introductory school leadership course. The cases stand alone but also flow together to paint a picture of what it's like for aspiring school leaders. Casey Graham Brown, Ph.D., Texas A&M University Commerce. The author's writing abilities are well developed for the story-telling genre. Each case seems to flow in a natural manner that keeps the reader's interest. The writer appears to be up-to-date, professional, and on top of current issues in educational administration. This book would be a valuable resource in guiding classroom discussions and developing self-awareness. Sue R. Abegglen, Ed.D., Culver Stockton College.
