proceedings of the 12th International Conference on Social Informatics SocInfo 2020 held in Pisa Italy in October 2020 The
30 full and 3 short papers presented in these proceedings were carefully reviewed and selected from 99 submissions The
papers presented in this volume cover a broad range of topics ranging from works that ground information system design on
social concepts to papers that analyze complex social systems using computational methods or explore socio technical
systems using social sciences methods **Corporate Valuation** Robert Holthausen, Mark Zmijewski, 2025-08-14 We wrote
this book to equip our students as well as practitioners many of whom are our former students with the current knowledge
used to value companies parts of companies and the securities issued by companies Our goal is to provide current conceptual
and theoretical valuation frameworks and translate those frameworks into practical approaches for valuing companies We
present the research and descriptive data underpinning these frameworks and use detailed examples to demonstrate how to
implement them often using data from real companies Corporate Valuation Theory Evidence Practice has been the industry
standard on valuation for over two decades well before it was widely available The corporate valuation course based on this
book is one of the few unstated requirements for graduates of The Wharton School that hope to enter into the field of finance
Having hired dozens of Wharton alumni who have learned valuation from this book I cannot imagine a more thorough guide
