Kate Morton

Airpods Same Day Delivery:

The Vacuum Principle Rajesh Srinivasan, 2025-04-12 Just as nature abhors a vacuum markets rush to fill gaps and those who spot these spaces first win big Marketdefining innovations emerge not from creating something new but from seeing what's missing The most valuable business skill is detecting opportunities hiding in plain sight what Rajesh Srinivasan calls The Vacuum Principle Market creators like Walt Disney Steve Jobs and Jeff Bezos share this gift seeing the world not just as it is but as it could be Through research Rajesh has decoded how visionaries uncover opportunities others miss This isn't luck it's a learnable system Inside this book you'll discover The 5 types of market vacuums and a framework to spot them 7 cognitive frameworks of market creators Strategies to protect and scale market positions The next breakthrough isn't about creating something new It's about spotting the gaps that already exist in the market the ones others fail to see

Magneto-Therapeutic Revolution: Energy Medicine for Modern Times Dr. Vidya Sagar Dubey, 2025-12-17 Magnet therapy though rooted in ancient wisdom continues to fascinate modern science with its subtle yet profound influence on human animal and plant life Across cultures and centuries magnets have been regarded not merely as objects of physical attraction but as carriers of natural energy capable of restoring balance easing discomfort and promoting overall wellbeing As scientific understanding evolves so does our curiosity about how magnetic fields interact with biological systems and how these invisible forces can be applied for healing and prevention This book has been written to bridge traditional knowledge with contemporary perspectives It aims to present a clear accessible and evidence informed guide to the principles and practices of magnet therapy From its historical origins to its modern applications each chapter explores a unique dimension of biomagnetism its role in plants humans animals magnetized water and oils the Earth's magnetic field and the potential influence on aging and vitality The intention behind this work is not to replace scientific medicine but to complement it by encouraging a deeper understanding of natural therapeutic methods Readers whether practitioners students or curious seekers will find a blend of explanations examples and case experiences that illuminate both the science and the art of magnet therapy In an age where health challenges are increasingly complex the need for holistic non invasive approaches has never been greater I hope this book serves as a meaningful contribution to the field of natural health and inspires further exploration research and thoughtful application of magnetic healing practices [Covid-19 in Film and Television](#) Verena

Bernardi, Amanda D. Giammanco, Heike Mißler, 2024-09-12 This collection explores the impact of Covid 19 on the production and consumption of television and film content in the English speaking world Offering in depth analysis of select on screen entertainment the volume addresses entertainment's changing role during and following the Covid 19 pandemic It also studies the pandemic's incorporation into the narrative of numerous series films and other televised formats capturing the moments and contexts in which these developments emerged Chapters examine the pandemic's impact both on a micro and macro level focusing on the content as well as form of TV shows and films Bringing together an international team of scholars

the book offers a range of perspectives exploring phenomena such as the YouTubification of audience reliant late night television as well as films and TV shows such as Superstore Grey s Anatomy and The Good Fight Given the pandemic s lasting impact on the film and television industries this book will be a valuable read for scholars studying audience and viewer reception of on screen content and the impact of crises on cultural industries It will also appeal to researchers in cultural studies popular culture studies television studies internet studies film studies and media studies more broadly

Rogue Astronaut Mitchell Jacobs,2026-03-16 At the core of Rogue Astronaut Mitchell Jacobs s debut poetry collection is a mystery Was the poet s father abducted by aliens as a teenager From this uncanny family lore spins a gravitational field of theory grief and imagination spurring speculations about the extraterrestrial as well as the terrestrial question of familial bonds What are the limits of understanding between two alien anatomies between two unlike minds Are we after all finally alone In poems that continually veer from play to reverence from body horror to bodily delight encounters with bed bugs and cuttlefish appear side by side with retro gaming and phantom light A brother living with delusions turns toward the sky The poet also peers skyward in search of connection across family lines across the body s borders across galaxies Outer space becomes a metaphorical terrain where queer desire and spiritual longing collide Just as Agent Mulder s iconic X Files poster declares I WANT TO BELIEVE so do these poems ache to trust in something more extraterrestrial life divine presence intimacy Jacobs s electrifying collection offers readers a singular voice attuned to the strangeness of living now where science fiction and memory tenderness and dissociation belief and doubt pulse in tangled orbit With wit vision and formal inventiveness Rogue Astronaut charts a course through the mysterious and the intimate inviting us to imagine new ways of connecting across distance time and the alien terrain of self

Overcoming School Avoidance Jayne Demsky,2025-10-14 A compassionate guide that tackles one of the fastest growing issues facing families everywhere the increasing number of children who are refusing or reluctant to attend school When a child stops going to school the entire family feels the impact School avoidance may look like defiance but it s often rooted in anxiety depression or other emotional challenges and influenced by factors within the school environment that can make attendance feel overwhelming Yet many families and educators are left unsure how to respond In this groundbreaking guide Jayne Demsky founder of the School Avoidance Alliance provides a practical roadmap for parents navigating this isolating and often overwhelming experience Demsky offers strategies that help parents to confidently collaborate with schools navigate truancy laws and provide the emotional support kids need to return to a productive and fulfilling school life Drawing on over a decade of experience supporting families Demsky brings deep insight and unwavering commitment to this issue Her perspective is further enriched by a diverse group of experts professionals and advocates who contributed their knowledge and expertise to this book including these leading authorities Dr Christopher Kearney Director UNLV Child School Refusal Dr Daniel Villiers counseling psychologist cofounder the Mountain Valley Treatment Center and the Anxiety Institute and Dr Mona Potter child psychologist and psychiatrist

cofounder and CMO InStride Health and Assistant Professor of Psychiatry Harvard Medical School Perceptive Machines
Rocky Scopelliti,2026-04-30 This book offers a compelling look into the future of artificial intelligence where AI systems are no longer limited to just processing information but can perceive the world through synthetic senses The author explores how this shift from purely cognitive AI to embodied sensory experiences is blurring the lines between human and machine intelligence It s a deep dive into how multisensory AI powered by breakthroughs in areas like haptics and neural interfaces will fundamentally alter what it means to experience connect and ultimately to be human The book s key features lie in its multidisciplinary approach drawing insights from neuroscience philosophy ethics and frontier technologies to examine the far reaching implications of artificial perception It explores how synthetic senses will impact everything from personal identity and social relationships to cultural norms and moral agency The book contains discussions on AI systems that can genuinely feel a hug and virtual environments that engage all five human senses challenging our very definition of reality There is a deep dive into the technologies of the sixth sense from theory to engineering Introducing the infrastructure of synthetic sensing multimodal models brain machine interfaces and sensory AI architectures An interesting topic discussed is the privacy of the senses which raises urgent ethical questions about biometric sensing perceptual sovereignty and the right to emotional privacy Another topic of great concern is designing for dignity that outlines principles for creating AI perception systems that centre dignity inclusivity and user sovereignty This book is a useful resource for with technologists researchers philosophers ethicists and futurists who are grappling with the implications of advanced AI It can also be read by anyone curious about the cutting edge of AI and its profound impact on human existence *The 80-20 Money Makeover* Arun Kumar,2024-04-25 Ever wondered why some people struggle with their finances despite earning well and putting in significant efforts to manage them And how some achieve better financial outcomes with little effort In *The 80 20 Money Makeover* popular blogger and financial expert Arun Kumar takes you on a money makeover journey Kumar s proven model based on the Pareto principle or the 80 20 rule helps you focus on the critical few decisions versus the trivial many and achieve great results with minimum fuss These frameworks will help you with different financial decisions required at crucial junctures in life such as planning your children s education buying a house or a car or even quitting your job and launching that start up you always dreamt of Furthermore it will help you set up an automated wealth creation system which will require no more than a few hours of your time every six months You will learn and master the different levels of managing your money one at a time apply practical behavioural insights to make sure you stick to the plan and eventually grow your way to wealth and financial freedom **Homecoming** Kate Morton,2023-04-04 The highly anticipated new novel from the New York Times bestselling author of *The Clockmaker s Daughter* a sweeping novel that begins with a shocking crime the effects of which echo across continents and generations Adelaide Hills Christmas Eve 1959 At the end of a scorching hot day beside a creek on the grounds of a grand country house a local man makes a terrible discovery Police are called and the

small town of Tambilla becomes embroiled in one of the most baffling murder investigations in the history of South Australia. Many years later and thousands of miles away Jess is a journalist in search of a story. Having lived and worked in London for two decades she now finds herself unemployed and struggling to make ends meet. A phone call out of nowhere summons her back to Sydney where her beloved grandmother Nora, who raised Jess when her mother could not, has suffered a fall and is seriously ill in the hospital. At Nora's house Jess discovers a true crime book chronicling a long buried police case, the Turner Family Tragedy of 1959. It is only when Jess skims through its pages that she finds a shocking connection between her own family and this notorious event, a mystery that has never been satisfactorily resolved. An epic story that spans generations, *Homecoming* asks what we would do for those we love, how we protect the lies we tell, and what it means to come home. Above all it is an intricate and spellbinding novel from one of the finest writers working today. [Audio](#), 1995 **High**
